Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Average amount of grant and scholarship aid awarded, 2021-22

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2013: Average amount of grant and scholarship aid received, 2012-13

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Average amount of grant and scholarship aid awarded, 2013-14

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL

and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2015: Average amount of grant and scholarship aid awarded, 2014-15

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2016: Average amount of grant and scholarship aid awarded, 2015-16

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Average amount of grant and scholarship aid awarded, 2016-17

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Average amount of grant and scholarship aid awarded, 2017-18

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree

program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2019: Average amount of grant and scholarship aid awarded, 2018-19

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2020: Average amount of grant and scholarship aid awarded, 2019-20

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Average amount of grant and scholarship aid awarded, 2020-21

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2022: Average amount of grant and scholarship aid awarded, 2021-22

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Average amount of grant and scholarship aid awarded, 2022-23

Average amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2012: Total number, 2009-10

Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2013: Total number, 2010-11

Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Total number, 2011-12

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an

associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2015: Total number, 2012-13

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2016: Total number, 2013-14

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Total number, 2014-15

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Total number, 2015-16

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2019: Total number, 2016-17

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime

during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2020: Total number, 2017-18

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Total number, 2018-19

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2022: Total number, 2019-20

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Total number, 2020-21

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2009: Total number, 2007-08

Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2010: Total number, 2008-09

Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2011: Total number, 2009-10

Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2012: Total number, 2010-11

Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2013: Total number, 2011-12

Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Total number, 2012-13

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2015: Total number, 2013-14

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an

associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2016: Total number, 2014-15

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Total number, 2015-16

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Total number, 2016-17

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2019: Total number, 2017-18

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2020: Total number, 2018-19

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime

during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Total number, 2019-20

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2022: Total number, 2020-21

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Total number, 2021-22

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. 2013: Total number, 2012-13

Total number of full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Total number, 2013-14

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2015: Total number, 2014-15

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2016: Total number, 2015-16

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an

associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Total number, 2016-17

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Total number, 2017-18

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2019: Total number, 2018-19

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2020: Total number, 2019-20

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Total number, 2020-21

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime

during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2022: Total number, 2021-22

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Total number, 2022-23

Total number of full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Students awarded only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2009: Number living on-campus, 2008-09

Total number of full-time, first-time degree/certificate-seeking undergraduates LIVING ON-CAMPUS, who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. On-campus housing - residence halls owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to, the institution's educational purposes. Off-campus housing - housing facility that is occupied by students but is not owned or controlled by the educational institution.

2010: Number living on-campus, 2009-10

Total number of full-time, first-time degree/certificate-seeking undergraduates LIVING ON-CAMPUS, who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. On-campus housing - residence halls owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to, the institution's educational purposes. Off-campus housing - housing facility that is occupied by students but is not owned or controlled by the educational institution.

2011: Number living on-campus, 2010-11

Total number of full-time, first-time degree/certificate-seeking undergraduates LIVING ON-CAMPUS, who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. On-campus housing - residence halls owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to, the institution's educational purposes. Off-campus housing - housing facility that is occupied by students but is not owned or controlled by the educational institution.

2012: Number living on-campus, 2011-12

Total number of full-time, first-time degree/certificate-seeking undergraduates LIVING ON-CAMPUS, who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. 2009: Total amount of grant and scholarship aid received, 2006-07

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar

systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2010: Total amount of grant and scholarship aid received, 2007-08

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2011: Total amount of grant and scholarship aid received, 2008-09

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2012: Total amount of grant and scholarship aid received, 2009-10

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2013: Total amount of grant and scholarship aid received, 2010-11

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time,

first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Total amount of grant and scholarship aid awarded, 2011-12

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2015: Total amount of grant and scholarship aid awarded, 2012-13

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2016: Total amount of grant and scholarship aid awarded, 2013-14

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Total amount of grant and scholarship aid awarded, 2014-15

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Total amount of grant and scholarship aid awarded, 2015-16

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2019: Total amount of grant and scholarship aid awarded, 2016-17

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2020: Total amount of grant and scholarship aid awarded, 2017-18

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Total amount of grant and scholarship aid awarded, 2018-19

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2022: Total amount of grant and scholarship aid awarded, 2019-20

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and

awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Total amount of grant and scholarship aid awarded, 2020-21

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2009: Total amount of grant and scholarship aid received, 2007-08

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and

received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2010: Total amount of grant and scholarship aid received, 2008-09

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2011: Total amount of grant and scholarship aid received, 2009-10

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2012: Total amount of grant and scholarship aid received, 2010-11

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2013: Total amount of grant and scholarship aid received, 2011-12

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program,

an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Total amount of grant and scholarship aid awarded, 2012-13

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2015: Total amount of grant and scholarship aid awarded, 2013-14

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2016: Total amount of grant and scholarship aid awarded, 2014-15

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Total amount of grant and scholarship aid awarded, 2015-16

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Total amount of grant and scholarship aid awarded, 2016-17

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2019: Total amount of grant and scholarship aid awarded, 2017-18

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2020: Total amount of grant and scholarship aid awarded, 2018-19

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Total amount of grant and scholarship aid awarded, 2019-20

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2022: Total amount of grant and scholarship aid awarded, 2020-21

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and

awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Total amount of grant and scholarship aid awarded, 2021-22

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. 2009: Total amount of grant and scholarship aid received, 2008-09

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and

received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2010: Total amount of grant and scholarship aid received, 2009-10

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2011: Total amount of grant and scholarship aid received, 2010-11

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2012: Total amount of grant and scholarship aid received, 2011-12

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2013: Total amount of grant and scholarship aid received, 2012-13

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources received by full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program,

an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Total amount of grant and scholarship aid awarded, 2013-14

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2015: Total amount of grant and scholarship aid awarded, 2014-15

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2016: Total amount of grant and scholarship aid awarded, 2015-16

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Total amount of grant and scholarship aid awarded, 2016-17

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Total amount of grant and scholarship aid awarded, 2017-18

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2019: Total amount of grant and scholarship aid awarded, 2018-19

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2020: Total amount of grant and scholarship aid awarded, 2019-20

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Total amount of grant and scholarship aid awarded, 2020-21

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2022: Total amount of grant and scholarship aid awarded, 2021-22

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and

awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Total amount of grant and scholarship aid awarded, 2022-23

Total amount of grant and scholarship aid from federal, state or local governments, or institutional sources awarded to full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2009: Number living arrangement unknown, 2006-07

Total number of full-time, first-time degree/certificate-seeking undergraduates LIVING ARRANGEMENT UNKNOWN, who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure

courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. On-campus housing - residence halls owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to, the institution's educational purposes. Off-campus housing - housing facility that is occupied by students but is not owned or controlled by the educational institution.

2010: Number living arrangement unknown, 2007-08

Total number of full-time, first-time degree/certificate-seeking undergraduates LIVING ARRANGEMENT UNKNOWN, who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. On-campus housing - residence halls owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to, the institution's educational purposes. Off-campus housing - housing facility that is occupied by students but is not owned or controlled by the educational institution.

2011: Number living arrangement unknown, 2008-09

Total number of full-time, first-time degree/certificate-seeking undergraduates LIVING ARRANGEMENT UNKNOWN, who received grant or scholarship aid from federal, state or local governments, or the institution. Students receiving only other sources of grant aid are excluded. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous or differs by programs. GRRT2M

Graduation rate, two or more races

Storage: double | Stata name: GRRT2M | Observed years: 2008-2023 | Nulls: 107,337

Definitions by release year

2008: Graduation rate, two or more races

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information

2009: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is G2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable G2MORT when GRTYPE=29 and the total completers within 150% of normal time is G2MORT when GRTYPE=30 (Table gr2009). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2010: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or

reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2010). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2011: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student

Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2010 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent

degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, two or more races

Graduation rate of first-time, full-time degree or certificate-seeking students of two or more races - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=2 and the total completers within 150% of normal time is GR2MORT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GR2MORT when GRTYPE=29 and the total completers within 150% of normal time is GR2MORT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2004: Graduation rate, American Indian or Alaska Native

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=30 (Table GR2004). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2005: Graduation rate, American Indian or Alaska Native

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 1999 cohort (4-year institutions) and 2002 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=30 (Table GR2004). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2006: Graduation rate, American Indian or Alaska Native

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=30 (Table GR2006). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2007: Graduation rate, American Indian or Alaska Native

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=30 (Table GR2007). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2008: Graduation rate, American Indian or Alaska Native

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2002 cohort(4-year institutions) and 2005 cohort(2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE19 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE19 when GRTYPE=30 (Table GR2008). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2009: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRAIT when GRTYPE=2 and the total completers within 150% of normal time is DVGRAIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable DVGRAIT when GRTYPE=29 and the total completers within 150% of normal time is DVGRAIT when GRTYPE=30 (Table gr2009). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2010: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRAIT when GRTYPE=2 and the total completers within 150% of normal time is DVGRAIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable DVGRAIT when GRTYPE=29 and the total completers within 150% of normal time is DVGRAIT when GRTYPE=30 (Table gr2010). Graduation rate data was not collected from

less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2011: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure

and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student

Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent

degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, American Indian or Alaska Native

Graduation rate of first-time, full-time degree or certificate-seeking American Indian or Alaska Native students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=2 and the total completers within 150% of normal time is GRAIANT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRAIANT when GRTYPE=29 and the total completers within 150% of normal time is GRAIANT when GRTYPE=30 (Table gr2023). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2004: Graduation rate, Asian or Pacific Islander

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Asian or Pacific Islander students - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=30 (Table GR2004). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. 2005: Graduation rate, Asian or Pacific Islander

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Asian or Pacific Islander students - 1999 cohort (4-year institutions) and 2002 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2005). For 2-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=30 (Table GR2005). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2010: Graduation rate, Asian or Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian or Pacific Islander students - 2004 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRAPT when GRTYPE=2 and the total completers within 150% of normal time is DVGRAPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable DVGRAPT when GRTYPE=29 and the total completers within

150% of normal time is DVGRAPT when GRTYPE=30 (Table gr2010). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2011: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the

bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or

were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, Asian/Native Hawaiian/Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian/Native Hawaiin/Pacific Islander students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT+GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT+GRNHPIT when GRTYPE=30 (Table gr2023). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2006: Graduation rate, Asian or Pacific Islander

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Asian or Pacific Islander students - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=30 (Table GR2006). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2007: Graduation rate, Asian or Pacific Islander

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Asian or Pacific Islander students - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=30 (Table GR2007). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2008: Graduation rate, Asian or Pacific Islander

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Asian or Pacific Islander students - 2002 cohort(4-year institutions) and 2005 cohort(2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE20 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE20 when GRTYPE=30 (Table GR2008). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2009: Graduation rate, Asian or Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Asian or Pacific Islander students - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRAPT when GRTYPE=2 and the total completers within 150% of normal time is DVGRAPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable DVGRAPT when GRTYPE=29 and the total completers within 150% of normal time is DVGRAPT when GRTYPE=30 (Table gr2009). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

Definitions by release year

2011: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate

according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2010 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time

divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those

who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, Asian

Graduation rate of first-time, full-time degree or certificate-seeking Asian students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=2 and the total completers within 150% of normal time is GRASIAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRASIAT when GRTYPE=29 and the total completers within 150% of normal time is GRASIAT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

Definitions by release year

2004: Graduation rate, Black, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=30 (Table GR2004). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2005: Graduation rate, Black, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 1999 cohort (4-year institutions) and 2002 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2005). For 2-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=30 (Table GR2005). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2006: Graduation rate, Black, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the

adjusted cohort is defined by the variable GRRACE18 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=30 (Table GR2006). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2007: Graduation rate, Black, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=30 (Table GR2007). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2008: Graduation rate, Black, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2002 cohort(4-year institutions) and 2005 cohort(2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE18 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE18 when GRTYPE=30 (Table GR2008). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2009: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRBKT when GRTYPE=2 and the total completers within 150% of normal time is DVGRBKT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable DVGRBKT when GRTYPE=29 and the total completers within 150% of normal time is DVGRBKT when GRTYPE=30 (Table gr2009). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student

Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2010: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRBKT when GRTYPE=2 and the total completers within 150% of normal time is DVGRBKT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable DVGRBKT when GRTYPE=29 and the total completers within 150% of normal time is DVGRBKT when GRTYPE=30 (Table gr2010). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2011: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent

degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from

less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, Black, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Black non-Hispanic students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=2 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRBKAAT when GRTYPE=29 and the total completers within 150% of normal time is GRBKAAT when GRTYPE=30 (Table gr2023). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

Definitions by release year

2004: Graduation rate, Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3 (Table GR2004). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2005: Graduation rate, Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 1999 cohort (4-year institutions) and 2002 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2005). For 2-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3 (Table GR2005). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2006: Graduation rate, Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=29 and the total completers

within 150% of normal time is GRRACE21 when GRTYPE=3 (Table GR2006). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2007: Graduation rate, Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3 (Table GR2007). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2008: Graduation rate, Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2002 cohort(4-year institutions) and 2005 cohort(2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE21 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE21 when GRTYPE=3 (Table GR2008). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2009: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRHST when GRTYPE=2 and the total completers within 150% of normal time is DVGRHST when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable DVGRHST when GRTYPE=29 and the total completers within 150% of normal time is DVGRHST when GRTYPE=3 (Table gr2009). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2010: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRHST when GRTYPE=2 and the total completers within 150% of normal time is DVGRHST when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable DVGRHST when GRTYPE=29 and the total completers within 150% of normal time is DVGRHST when GRTYPE=3 (Table gr2010). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2011: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2013). Graduation rate data was not collected from

less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or

reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student

Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking Hispanic students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=2 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRHISPT when GRTYPE=29 and the total completers within 150% of normal time is GRHISPT when GRTYPE=3 (Table gr2023). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

Definitions by release year

2004: Graduation rate, men

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=30 (Table GR2004). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2005: Graduation rate, men

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 1999 cohort (4-year institutions) and 2002 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2005). For 2-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=30 (Table GR2005). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2006: Graduation rate, men

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=30 (Table GR2006). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such

as the Peace Corps; and those who left to serve on official church mission.

2007: Graduation rate, men

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=30 (Table GR2007). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2008: Graduation rate, men

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2002 cohort(4-year institutions) and 2005 cohort(2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE15 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE15 when GRTYPE=30 (Table GR2008). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2009: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2009). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2010: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2010). Normal time to completion - The amount of time necessary for a student to complete all

requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2011: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2011). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2012: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2012). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2013, 2015: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2013). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2014: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the

other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2014). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2016: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2016). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2017: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2017). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2018: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2018). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2019: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time

divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2019). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2020: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2020). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2021: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2021). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2022: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2022). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2023: Graduation rate, men

Graduation rate of first-time, full-time degree or certificate-seeking students - Men - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLM when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLM when GRTYPE=30 (Table gr2023). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

Definitions by release year

2011: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all

requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2010 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of

completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaiian or Other Pacific Islander students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaiian or Other Pacific Islander students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaiian or Other Pacific Islander students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left

school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, Native Hawaiian or Other Pacific Islander

Graduation rate of first-time, full-time degree or certificate-seeking Native Hawaian or Other Pacific Islander students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=2 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year

institutions the adjusted cohort is defined by the variable GRNHPIT when GRTYPE=29 and the total completers within 150% of normal time is GRNHPIT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2004: Graduation rate, Nonresident alien

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE17 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE17 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE17 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE17 when GRTYPE=30 (Table GR2004). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. 2010: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2010). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2011: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2005cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or

trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the

adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, U.S. Nonresident

Graduation rate of first-time, full-time degree or certificate-seeking U.S. Nonresident students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, U.S. Nonresident

Graduation rate of first-time, full-time degree or certificate-seeking U.S. Nonresident students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2023). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such

as the Peace Corps; and those who left to serve on official church mission

2006: Graduation rate, Nonresident alien

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE17 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE17 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE17 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE17 when GRTYPE=30 (Table GR2006). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2007: Graduation rate, Nonresident alien

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE17 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE17 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE17 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE17 when GRTYPE=30 (Table GR2007). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters

or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2008: Graduation rate, Nonresident alien

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2002 cohort(4-year institutions) and 2005 cohort(2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE17 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE17 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE17 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE17 when GRTYPE=30 (Table GR2008). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2009: Graduation rate, Nonresident alien

Graduation rate of first-time, full-time degree or certificate-seeking Nonresident Alien students - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=2 and the total completers within 150% of normal time is GRNRALT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable GRNRALT when GRTYPE=29 and the total completers within 150% of normal time is GRNRALT when GRTYPE=30 (Table gr2009). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2004: Graduation rate, total cohort

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - 1998 cohort (4-year institutions) and 2001 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting

purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE24 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE24 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE24 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE24 when GRTYPE=30 (Table GR2004). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table GR2004_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2005: Graduation rate, total cohort

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - 1999 cohort (4-year institutions) and 2002 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE24 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE24 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2005). For 2-year institutions the adjusted cohort is defined by the variable GRRACE24 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE24 when GRTYPE=30 (Table GR2005). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table GR2005_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. 2007: Graduation rate, total cohort

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - 2001 cohort (4-year institutions) and 2004 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE24 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE24 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted

cohort is defined by the variable GRRACE24 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE24 when GRTYPE=30 (Table GR2007). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table GR2007_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2008: Graduation rate, total cohort

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - 2002 cohort (4-year institutions) and 2005 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE24 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE24 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE24 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE24 when GRTYPE=30 (Table GR2008). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table GR2008_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2009: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2003 cohort (4-year institutions) and 2006 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2009). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2009_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2010: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2004 cohort (4-year institutions) and 2007 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2010). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2010_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or

were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2011: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2005 cohort (4-year institutions) and 2008 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2011). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2011_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2012: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2006 cohort (4-year institutions) and 2009 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2012). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2012_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2013, 2015: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2007 cohort (4-year institutions) and 2010 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2013). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2013_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2014: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2008 cohort (4-year institutions) and 2011 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of

normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2014). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2014_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2016: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2010 cohort (4-year institutions) and 2013 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2016). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2016_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2017: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2011 cohort (4-year institutions) and 2014 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2017). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2017_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2018: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2012 cohort (4-year institutions) and 2015 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2018). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2018_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the

institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2019: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2013 cohort (4-year institutions) and 2016 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2019). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2019_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2020: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2014 cohort (4-year institutions) and 2017 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2020). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2020_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2021: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2015 cohort (4-year institutions) and 2018 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2021). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2021_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2022: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2016 cohort (4-year institutions) and 2019 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2022). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2022_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2023: Graduation rate, total cohort

Graduation rate of first-time, full-time degree or certificate-seeking students - 2017 cohort (4-year institutions) and 2020 cohort (less-than-4-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLT when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLT when GRTYPE=30 (Table gr2023). For less-than-2-year institutions the adjusted cohort defined by the variable LINE_50 and the total completers within 150% of normal time is LINE_11 (Table gr2023_L2) Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

Definitions by release year

2004: Graduation rate, Race/ethnicity unknown

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=30 (Table GR2004). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2005: Graduation rate, Race/ethnicity unknown

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 1999 cohort (4-year institutions) and 2002 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2005). For 2-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=30 (Table GR2005). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2006: Graduation rate, Race/ethnicity unknown

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=30 (Table GR2006). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left

school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2007: Graduation rate, Race/ethnicity unknown

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=30 (Table GR2007). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2008: Graduation rate, Race/ethnicity unknown

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2002 cohort(4-year institutions) and 2005 cohort(2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE23 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE23 when GRTYPE=30 (Table GR2008). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2009: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2009). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2010: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal

time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2010). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2011: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2012: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2013, 2015: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2014: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2016: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2017: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2018: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from

less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2019: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2020: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2021: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2022: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or

reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

2023: Graduation rate, Race/ethnicity unknown

Graduation rate of first-time, full-time degree or certificate-seeking Race/ethnicity unknown students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=2 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRUNKNT when GRTYPE=29 and the total completers within 150% of normal time is GRUNKNT when GRTYPE=30 (Table gr2023). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission

Definitions by release year

2004: Graduation rate, women

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=30 (Table GR2004). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2005: Graduation rate, women

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 1999 cohort (4-year institutions) and 2002 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2005). For 2-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=30 (Table GR2005). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2006: Graduation rate, women

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=30 (Table GR2006). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2007: Graduation rate, women

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=30 (Table GR2007). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2008: Graduation rate, women

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2002 cohort(4-year institutions) and 2005 cohort(2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=30 (Table GR2008). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2009: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable GRRACE16 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE16 when GRTYPE=30 (Table gr2009). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2010: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2010). Normal time to completion - The amount of time

necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2011: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2011). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2012: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2012). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2013, 2015: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2013). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2014: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent

degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2014). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2016: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2016). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2017: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2017). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2018: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2018). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2019: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within

150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2019). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2020: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2020). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2021: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2021). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2022: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2022). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2023: Graduation rate, women

Graduation rate of first-time, full-time degree or certificate-seeking students - Women - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=2 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRTOTLW when GRTYPE=29 and the total completers within 150% of normal time is GRTOTLW when GRTYPE=30 (Table gr2023). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

Definitions by release year

2004: Graduation rate, White, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 1998 cohort (4-year institutions) and 2001 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2004). For 2-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=30 (Table GR2004). Graduation rate data was not collected

from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2005: Graduation rate, White, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 1999 cohort (4-year institutions) and 2002 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2005). For 2-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=30 (Table GR2005). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2006: Graduation rate, White, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2000 cohort (4-year institutions) and 2003 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2006). For 2-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=30 (Table GR2006). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2007: Graduation rate, White, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2001 cohort (4-year institutions) and 2004 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2007). For 2-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=30 (Table GR2007). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2008: Graduation rate, White, non-Hispanic

Note: Perturbation procedures were applied to these data to protect against disclosure of individual information. Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2002 cohort (4-year institutions) and 2005 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=2 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table GR2008). For 2-year institutions the adjusted cohort is defined by the variable GRRACE22 when GRTYPE=29 and the total completers within 150% of normal time is GRRACE22 when GRTYPE=30 (Table GR2008). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2009: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2003 cohort (4-year institutions) and 2006 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRWHT when GRTYPE=2 and the total completers within 150% of normal time is DVGRWHT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2009). For 2-year institutions the adjusted cohort is defined by the variable DVGRWHT when GRTYPE=29 and the total completers within 150% of normal time is DVGRWHT when GRTYPE=30 (Table gr2009). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2010: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2004 cohort (4-year institutions) and 2007 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable DVGRWHT when GRTYPE=2 and the total completers within 150% of normal time is DVGRWHT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2010). For 2-year institutions the adjusted cohort is defined by the variable DVGRWHT when GRTYPE=29 and the total completers within 150% of normal time is DVGRWHT when GRTYPE=30 (Table gr2010). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2011: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2005 cohort (4-year institutions) and 2008 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2011). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within

150% of normal time is GRWHITT when GRTYPE=30 (Table gr2011). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2012: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2006 cohort (4-year institutions) and 2009 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2012). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2012). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2013, 2015: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2007 cohort (4-year institutions) and 2010 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2013). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2013). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2014: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2008 cohort (4-year institutions) and 2011 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2014). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2014). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2016: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2010 cohort (4-year institutions) and 2013 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2016). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2016). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2017: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2011 cohort (4-year institutions) and 2014 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2017). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2017). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2018: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2012 cohort (4-year institutions) and 2015 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2018). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2018). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2019: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2013 cohort (4-year institutions) and 2016 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2019). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2019). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or

trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2020: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2014 cohort (4-year institutions) and 2017 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2020). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2020). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2021: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2015 cohort (4-year institutions) and 2018 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2021). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2021). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2022: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2016 cohort (4-year institutions) and 2019 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2022). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2022). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2023: Graduation rate, White, non-Hispanic

Graduation rate of first-time, full-time degree or certificate-seeking White non-Hispanic students - 2017 cohort (4-year institutions) and 2020 cohort (2-year institutions). The graduation rate is the rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions. For 4-year institutions the

adjusted cohort is defined by the variable GRWHITT when GRTYPE=2 and the total completers within 150% of normal time is GRWHITT when GRTYPE=3. GRTYPE=2 and 3 include both the bachelor's or equivalent degree/certificate-seeking subcohort and the other degree/certificate-seeking subcohort (Table gr2023). For 2-year institutions the adjusted cohort is defined by the variable GRWHITTT when GRTYPE=29 and the total completers within 150% of normal time is GRWHITT when GRTYPE=30 (Table gr2023). Graduation rate data was not collected from less-than 2-year institutons. Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

GRSUPRT

Graduation rate - supplemental

Storage: double | Stata name: GRSUPRT | Observed years: 2004-2006 | Nulls: 141,565

Definitions by release year

2004: Graduation rate - supplemental

Supplemental Graduation Rate of full-time, first-time, degree/certificate-seeking undergraduates for institutions with long programs (either 5-year bachelor programs or associates degree programs longer than 2 years) – 1996 cohort (4-year institutions) and 1998 (2-year institutions). This rate is calculated as the total number of students completing a degree or certificate within 150% of normal time divided by the revised cohort minus any allowable exclusions. Because these schools have long programs, the supplemental graduation rate allows them to include students in long programs by giving them their entire 150% of normal time to complete (8 years for 4-year institutions and 6 years for 2-year institutions). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Long programs - Undergraduate programs that exceed the usual program length for a specific level. This would include programs of 5 years or longer for 4-year institutions and programs of 3 years or longer for 2-year institutions. Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left

school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2005: Graduation rate - supplemental

Supplemental Graduation Rate of full-time, first-time, degree/certificate-seeking undergraduates for institutions with long programs (either 5-year bachelor programs or associates degree programs longer than 2 years) – 1997 cohort (4-year institutions) and 1999 (2-year institutions). This rate is calculated as the total number of students completing a degree or certificate within 150% of normal time divided by the revised cohort minus any allowable exclusions. Because these schools have long programs, the supplemental graduation rate allows them to include students in long programs by giving them their entire 150% of normal time to complete (8 years for 4-year institutions and 6 years for 2-year institutions). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Long programs - Undergraduate programs that exceed the usual program length for a specific level. This would include programs of 5 years or longer for 4-year institutions and programs of 3 years or longer for 2-year institutions. Allowable exclusions - Those students who may be removed (deleted) from the GRS cohort according to the Student Right-to-Know legislation. These include students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.

2006: Graduation rate - supplemental

Supplemental Graduation Rate of full-time, first-time, degree/certificate-seeking undergraduates for institutions with long programs (either 5-year bachelor programs or associates degree programs longer than 2 years) – 1998 cohort (4-year institutions) and 2000 (2-year institutions). This rate is calculated as the total number of students completing a degree or certificate within 150% of normal time divided by the revised cohort minus any allowable exclusions. Because these schools have long programs, the supplemental graduation rate allows them to include students in long programs by giving them their entire 150% of normal time to complete (8 years for 4-year institutions and 6 years for 2-year institutions). Normal time to completion - The amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically 4 years (8 semesters or trimesters, or 12 quarters, excluding summer terms) for a bachelor's degree in a standard term-based institution Long programs - Undergraduate programs that exceed the usual program length for a specific level. HASAL

[varies by year] Has an academic library

Storage: string | Stata name: HASAL | Observed years: 2014-2023 | Nulls: 73,139

Definitions by release year

2014-2015, 2017-2023: Has an academic library

Identifies if institution has an academic library. Degree-granting institutions were asked to report total library expenditures on the Institutional characteristic header component during the registration process. If expenditures are greater than zero, institutions are determined to have an academic library, and therefore required to report academic library data.

2016: Has academic library (access to library collection and/or has library expenses)

Identifies if institution has an academic library. Degree-granting institutions were asked to report total library expenditures on the Institutional characteristic header component during the registration process. If expenditures are greater than zero, institutions are determined to have an academic library, and therefore required to report academic library data.

HBCU

Historically Black College or University

Storage: string | Stata name: HBCU | Observed years: 2004-2023 | Nulls: 14

Definitions by release year

2004-2023: Historically Black College or University

A code to indicate whether the institution is one of the Historically Black College or University (HBCU) institutions. Historically Black Colleges and Universities (HBCU) - The Higher Education Act of 1965, as amended, defines an HBCU as: "...any historically black college or university that was established prior to 1964, whose principal mission was, and is, the education of black Americans, and that is accredited by a nationally recognized accrediting agency or association determined by the Secretary [of Education] to be a reliable authority as to the quality of training offered or is, according to such an agency or association, making reasonable progress toward accreditation." Federal regulations (20 USC 1061 (2)) allow for certain exceptions to the founding date.

HOSPITAL

Institution has hospital

Storage: string | Stata name: HOSPITAL | Observed years: 2004-2023 | Nulls: 14

Definitions by release year

2004: Institution has hospital

A code to indicate whether the institution has hospital.

2005-2023: Institution has hospital

A code to indicate whether the institution has hospital. This variable was derived using Finance data. If institution reported either revenues from Sales and services of hospitals GASB, hospital revenues (FASB), or expenses for hospital services (GASB or FASB) an institution was determined to have a hospital. See glossary terms below. Sales and services of hospitals (revenues) F1B06-GASB. Revenues (net of discounts, allowances, and provisions for uncollectible accounts receivable) generated by hospitals from daily patient, special and other services. Revenues of health clinics that are part of a hospital should be included in this category, unless such clinics are part of the student health services program. Hospitals (revenues) F2D13-FASB. Revenues generated by a hospital operated by the postsecondary institution. Includes gifts, grants, appropriations, research revenues, endowment income, and revenues of health clinics that are part of the hospital unless such clinics are part of the student health services program. Sales and service revenues are included net of patient contractual allowances. Revenues associated with the medical school are included elsewhere. Also includes all amounts appropriated by governments (federal, state, local) for the operation of hospitals. Hospital services (F1C121-GASB, F2E091-FASB). Expenses associated with a hospital operated by the postsecondary institution (but not as a component unit) and reported as a part of the institution. This classification includes nursing expenses, other professional services, general services, administrative services, and fiscal services. Also included are information technology expenses, actual or allocated costs for operation and maintenance of plant, and depreciation related to hospital capital assets. FASB institutions also charge or allocate interest expense to hospitals.

In-district per credit hour charge for part-time undergraduates

Storage: double | Stata name: HRCHG1 | Observed years: 2004-2023 | Nulls: 70,381

Definitions by release year

2004-2019: In-district per credit hour charge for part-time undergraduates

Per credit hour charge for part-time undergraduate students In-District per credit hour charge IN-DISTRICT PER CREDIT HOUR CHARGE - The amount charged by the institution to those students residing in the locality in which they attend

school. This may be a lower rate than in-state amount if offered by the institution. CREDIT HOUR - A unit of measure representing an hour (50 minutes) of instruction over a 15-week period in a semester or trimester system or a 10-week period in a quarter system. It is applied toward the total number of hours needed for completing the requirements of a degree, diploma, certificate, or other formal award. UNDERGRADUATE - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate. PART-TIME STUDENT Undergraduate - A student enrolled for either 11 semester credits or less, or 11 quarter credits or less, or less than 24 contact hours a week each term.

2020-2023: In-district per credit hour charge for part-time undergraduates

Per credit hour charge for part-time undergraduate students In-District per credit hour charge IN-DISTRICT PER CREDIT HOUR CHARGE - The amount charged by the institution to those students residing in the locality in which they attend school. This may be a lower rate than in-state amount if offered by the institution. CREDIT HOUR - A unit of measure representing an hour (50 minutes) of instruction over a 15-week period in a semester or trimester system or a 10-week period in a quarter system. Storage: double | Stata name: HRCHG6 | Observed years: 2004-2023 | Nulls: 104,806

Definitions by release year

2004-2023: In-state per credit hour charge part-time graduates

Per credit hour charge for part-time graduate students In-state per credit hour charge IN-STATE PER CREDIT HOUR CHARGE - The amount charged by institutions to those students who meet the state's or institution's residency requirements CREDIT HOUR - A unit of measure representing an hour (50 minutes) of instruction over a 15-week period in a semester or trimester system or a 10-week period in a quarter system. It is applied toward the total number of hours needed for completing the requirements of a degree, diploma, certificate, or other formal award. GRADUATE STUDENT - A student who holds a bachelor's or first-professional degree, or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs. PART-TIME STUDENT Graduate - A student enrolled for either 8 semester credits or less, or 8 quarter credits or less.

2009-2013: Average amount of institutional grant aid received by full-time first-time undergraduates

Student Financial Aid and Student Counts - Financial Aid Average amount of institutional grants (scholarships/fellowships) received by full-time, first-time degree/certificate-seeking undergraduate students. Institutional grants - Scholarships and fellowships granted and funded by the institution and/or individual departments within the institution, (i.e., instruction, research, public service) that may contribute indirectly to the enhancement of these programs . Includes scholarships targeted to certain individuals (e.g., based on state of residence, major field of study, athletic team participation) for which the institution designates the recipient. Undergraduate - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate Full-time student (Undergraduate) — A student enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. First-time student (undergraduate) - A student attending any institution for the first time at the undergraduate level. Includes students enrolled in academic or occupational programs . Also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). Degree/certificate-seeking students - Students enrolled in courses for credit who are recognized by the institution as seeking a degree or other formal award. At the undergraduate level, this is intended to include students enrolled in vocational or occupational programs.

2014-2019: Average amount of institutional grant aid awarded to full-time first-time undergraduates

Student Financial Aid and Student Counts - Financial Aid Average amount of institutional grants (scholarships/fellowships) awarded to full-time, first-time degree/certificate-seeking undergraduate students. Institutional grants - Scholarships and fellowships granted and funded by the institution and/or individual departments within the institution, (i.e., instruction, research, public service) that may contribute indirectly to the enhancement of these programs . Includes scholarships targeted to certain individuals (e.g., based on state of residence, major field of study, athletic team participation) for which the institution designates the recipient. 2009-2013: Number of full-time first-time undergraduates receiving institutional grant aid

Student Financial Aid and Student Counts - Financial Aid Number of full-time, first-time degree/certificate-seeking undergraduate students who received institutional grants (scholarships/fellowships). Institutional grants - Scholarships and fellowships granted and funded by the institution and/or individual departments within the institution, (i.e., instruction, research, public service) that may contribute indirectly to the enhancement of these programs . Includes scholarships targeted to certain individuals (e.g., based on state of residence, major field of study, athletic team participation) for which the institution designates the recipient. Undergraduate - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate Full-time student (Undergraduate) — A student enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. First-time student (undergraduate) - A student attending any institution for the first time at the undergraduate level. Includes students enrolled in academic or occupational programs . Also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). Degree/certificate-seeking students - Students enrolled in courses for credit who are recognized by the institution as seeking a degree or other formal award. At the undergraduate level, this is intended to include students enrolled in vocational or occupational programs.

2014-2019: Number of full-time first-time undergraduates awarded institutional grant aid

Student Financial Aid and Student Counts - Financial Aid Number of full-time, first-time degree/certificate-seeking undergraduate students who were awarded institutional grants (scholarships/fellowships). Institutional grants - Scholarships and fellowships granted and funded by the institution and/or individual departments within the institution, (i.e., instruction, research, public service) that may contribute indirectly to the enhancement of these programs . Includes scholarships targeted to certain individuals (e.g., based on state of residence, major field of study, athletic team participation) for which the institution designates the recipient. Undergraduate - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate Full-time student (Undergraduate) — A student enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. First-time student (undergraduate) - A student attending any institution for the first time at the undergraduate level. Includes students enrolled in academic or occupational programs . Also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). Degree/certificate-seeking students - Students enrolled in courses for credit who are recognized by the institution as seeking a degree or other formal award. At the undergraduate level, this is intended to include students enrolled in vocational or occupational programs.

2020-2023: Number of full-time first-time undergraduates awarded institutional grant aid

Student Financial Aid and Student Counts - Financial Aid Number of full-time, first-time degree/certificate-seeking undergraduate students who were awarded institutional grants (scholarships/fellowships). INRETFTE

Investment return revenues per FTE (FASB only)

Storage: double | Stata name: INRETFTE | Observed years: 2004 | Nulls: 139,858

Definitions by release year

2004: Investment return revenues per FTE (FASB only)

Investment return revenues per FTE (FASB only) Investment return revenues is equal to F2D10 for public and private-not-for profit institutions using the FASB standards. Investment return revenues is then divided by the Full-time equivalent enrollment: Academic year 2003-04 Investment return - Income from assets including dividends, interest earnings, royalties, rent, gains (losses) etc. Assets - Physical items (tangible) or rights (intangible) that have value and that are owned by the institution. Assets are useful to the institution because they are a source of future services or because they can be used to secure future benefits Interest - The price paid (or received) for the use of money over a period of time. Interest income is one component of investment income. Interest paid by the institution is interest expense. Gains - Increases in the institution's net assets from peripheral or incidental transactions. This is in contrast to revenues, which occur from the institution's ongoing major or central operations. Whether a transaction generates revenue or a gain depends on the relationship of the transaction to the institution's activities. For example, the sale of computers by a college store might be part of ongoing central activities, while the sale of surplus computers from administrative offices might be considered otherwise. Losses - Decreases in net assets from an organization's peripheral or incidental transactions and other events affecting the organization, other than those that result from expenses 12-month full-time equivalent enrollment: Academic year 2003-04. The full-time-equivalent (FTE) enrollment used in this report is the sum of the institutions’ FTE undergraduate enrollment and FTE graduate enrollment (as calculated from or reported on the 2004 Enrollment component) plus the estimated FTE of first-professional students. Undergraduate and graduate FTE are estimated using 12-month instructional activity (credit and/or contact hours).

First-professional FTE is estimated by calculating the ratio of full-time to part-time first-professional students from the fall counts (part A) and applying this ratio to the 12-month unduplicated headcount of first-professional students. The estimated number of full-time students is added to one-third of the estimated number of part-time students. The calculation of FTE undergraduate and graduates is as follows: Quarter calendar system Enrollment level (One FTE over 12-month period) Undergraduate 45 credit hours, 900 contact hours Graduate 36 credit hours Semester/trimester/4-1-4 plan/other calendar system Enrollment level (one FTE over 12-month period) Undergraduate 30 credit hours 900 contact hours Graduate 24 credit hours For institutions with continuous enrollment programs, FTE is determined by dividing the number of contact hours attempted by 900.

Definitions by release year

2004: Institutional category

Institutional category This indicator was derived using the level of offerings reported on the 2004-05 Institutional Characteristics (IC) component and the number and level of awards that were reported on the 2003-04 Completions (C) component. The following is the specific derivation: 1) Degree-granting, graduate with no undergraduate degrees - These institutions offer either a Master's degree (LEVEL7), Doctor's degree (LEVEL9) or a First-professional degree (LEVEL10) and do not offer a Bachelor's degree (LEVEL5) or an Associate's degree (LEVEL3). 2) Degree-granting, primarily baccalaureate or above - These institutions offer a bachelor's degree (LEVEL5). Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded is greater than 50 percent. (IC and C) 3) Degree-granting, other baccalaureate granting - These institutions offer a bachelor's degree (LEVEL5). Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded must be less than or equal to 50 percent.(IC and

C) Bachelor's degrees and all other degrees/certificates above the bachelor's degree awarded is the sum of: Bachelor's degrees (CRACE24,AWLEVEL=5,MAJORNUM=1) Postbaccalaureate certificates (CRACE24,AWLEVEL=6,MAJORNUM=1) Master's degrees (CRACE24,AWLEVEL=7,MAJORNUM=1) Post-master's certificates (CRACE24,AWLEVEL=8,MAJORNUM=1) Doctor's degrees (CRACE24,AWLEVEL=9,MAJORNUM=1) First-professional degrees (CRACE24,AWLEVEL=10,MAJORNUM=1) First-professional certificates (CRACE24,AWLEVEL=11,MAJORNUM=1) Total degrees and certificates is the sum of: Bachelor degrees and all other degrees/certificates above the bachelors degree as defined above and Associate's degrees (CRACE24,AWLEVEL=3,MAJORNUM=1) Postsecondary certificates, awards or diplomas of at least two but less-than four academic years (CRACE24,AWLEVEL=4,MAJORNUM=1). Postsecondary certificates, awards or diplomas of at least one but less-than two academic years (CRACE24,AWLEVEL=2,MAJORNUM=1); Postsecondary certificates, awards or diplomas of less than one academic year (CRACE24,AWLEVEL=1,MAJORNUM=1) 4) Degree-granting, Associate's and certificates - Institutions offer an Associate's degree (LEVEL3) and may offer other postsecondary certificates, awards or diplomas of less than one academic year (LEVEL1); at least one but less-than two academic years (LEVEL2); at least two but less-than four academic years (LEVEL4). (IC) 5) Nondegree-granting, above the baccalaureate - Institutions do not offer Associate's (LEVEL3), Bachelor's (LEVEL5), Master's (LEVEL7), Doctor's (LEVEL9) or First-professional (LEVEL10) degrees, but offer either Postbaccaulaureate (LEVEL6), Post-master's (LEVEL8) or First-professional (LEVEL11) certificates. (IC) 6) Nondegree-granting, sub-baccalaureate - Institutions do not offer Associate's (LEVEL3), Bachelor's (LEVEL5), Master's (LEVEL7), Doctor's (LEVEL9), or First-professional(LEVEL10) degrees, or certificates above the baccalaureate level(LEVEL6,LEVEL8 and LEVEL11). They do offer postsecondary certificates, awards or diplomas of less than one academic year (LEVEL1); at least one but less than two academic years (LEVEL2); or at least two but less than four academic years.(LEVEL4) (IC) All inactive institutions (CYACTIVE in (2,3)) and administrative units (Sector=0) were coded as not applicable. Any institution that did not respond to the 2004-05 Institutional Characteristics component or the 2003-04 Completions component were coded as not reported or could not derive. These were all NonTitle IV institutions. Additional notes on classifying Degree-granting primarily baccalaureate or above and other baccalaureate granting: Degree-granting institutions whose completions data are reported with their parent institution were assigned the same code as the parent institution. New degree-granting institutions that offer a bachelor's degree, but have not yet awarded bachelor degrees in academic year 2003-04 were assigned as follows: If an institution reported a zero in any program (CIP code) for bachelor's degrees or above (indicating the level was offered) and did not report a zero for any program (CIP code) at any level below the bachelor's, the institution was classified as Degree-granting, primarily baccalaureate or above. If an institution reported a zero in any program (CIP code) at any level below the bachelor's degree and did not report a zero for any program (CIP code) for bachelor's degrees or above, the institution was classified as Degree-granting, other baccalaureate granting. For institutions that reported zeros for both bachelor's degrees or above and for levels below the bachelor's the number of programs (CIP codes) by level was used to determine the primary classification. If the number of programs with reported zeros for degrees/certificates at the bachelor's level or above was greater than the number of programs with reported zeros for degrees/certificates less than the baccalaureate, the institution was classified as Degree-granting, primarily bachelor's or above. If the number of programs with reported zeros for degrees/certificates at the bachelor's level or above was less than the number of programs with reported zeros for degrees/certificates less than the baccalaureate, the institution was classified as Degree-granting, other baccalaureate granting.

2005: Institutional category

Institutional category This indicator was derived using the level of offerings reported on the 2005-06 Institutional Characteristics (IC) component and the number and level of awards that were reported on the 2004-05 Completions (C) component. The following is the specific derivation: 1) Degree-granting, graduate with no undergraduate degrees - These institutions offer either a Master's degree (LEVEL7), Doctor's degree (LEVEL9) or a First-professional degree (LEVEL10) and do not offer a Bachelor's degree (LEVEL5) or an Associate's degree (LEVEL3). 2) Degree-granting, primarily baccalaureate or above - These institutions offer a bachelor's degree (LEVEL5). Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded is greater than 50 percent. (IC and C) 3) Degree-granting, other baccalaureate granting - These institutions offer a bachelor's degree (LEVEL5). Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded must be less than or equal to 50 percent.(IC and C) Bachelor's degrees and all other degrees/certificates above the bachelor's degree awarded is the sum of: Bachelor's degrees (CRACE24,AWLEVEL=5,MAJORNUM=1) Postbaccalaureate certificates (CRACE24,AWLEVEL=6,MAJORNUM=1) Master's degrees (CRACE24,AWLEVEL=7,MAJORNUM=1) Post-master's certificates (CRACE24,AWLEVEL=8,MAJORNUM=1) Doctor's degrees (CRACE24,AWLEVEL=9,MAJORNUM=1) First-professional degrees (CRACE24,AWLEVEL=10,MAJORNUM=1) First-professional certificates (CRACE24,AWLEVEL=11,MAJORNUM=1) Total degrees and certificates is the sum of: Bachelor degrees and all other degrees/certificates above the bachelors degree as defined above and Associate's degrees (CRACE24,AWLEVEL=3,MAJORNUM=1) Postsecondary certificates, awards or diplomas of at least two but less-than four academic years (CRACE24,AWLEVEL=4,MAJORNUM=1). Postsecondary certificates, awards or diplomas of at least one but less-than two academic years (CRACE24,AWLEVEL=2,MAJORNUM=1); Postsecondary certificates, awards or diplomas of less than one academic year (CRACE24,AWLEVEL=1,MAJORNUM=1) 4) Degree-granting, Associate's and certificates - Institutions offer an Associate's degree (LEVEL3) and may offer other postsecondary certificates, awards or diplomas of less than one academic year (LEVEL1); at least one but less-than two academic years (LEVEL2); at least two but less-than four

academic years (LEVEL4). (IC) 5) Nondegree-granting, above the baccalaureate - Institutions do not offer Associate's (LEVEL3), Bachelor's (LEVEL5), Master's (LEVEL7), Doctor's (LEVEL9) or First-professional (LEVEL10) degrees, but offer either Postbaccaulaureate (LEVEL6), Post-master's (LEVEL8) or First-professional (LEVEL11) certificates. (IC) 6) Nondegree-granting, sub-baccalaureate - Institutions do not offer Associate's (LEVEL3), Bachelor's (LEVEL5), Master's (LEVEL7), Doctor's (LEVEL9), or First-professional(LEVEL10) degrees, or certificates above the baccalaureate level(LEVEL6,LEVEL8 and LEVEL11). They do offer postsecondary certificates, awards or diplomas of less than one academic year (LEVEL1); at least one but less than two academic years (LEVEL2); or at least two but less than four academic years.(LEVEL4) (IC) All inactive institutions (CYACTIVE in (2,3)) and administrative units (Sector=0) were coded as not applicable. Any institution that did not respond to the 2005-06 Institutional Characteristics component or the 2004-05 Completions component were coded as not reported or could not derive. These were all NonTitle IV institutions. Additional notes on classifying Degree-granting primarily baccalaureate or above and other baccalaureate granting: Degree-granting institutions whose completions data are reported with their parent institution were assigned the same code as the parent institution. New degree-granting institutions that offer a bachelor's degree, but have not yet awarded bachelor degrees in academic year 2004-05 were assigned as follows: If an institution reported a zero in any program (CIP code) for bachelor's degrees or above (indicating the level was offered) and did not report a zero for any program (CIP code) at any level below the bachelor's, the institution was classified as Degree-granting, primarily baccalaureate or above. If the number of programs with reported zeros for degrees/certificates at the bachelor's level or above was less than the number of programs with reported zeros for degrees/certificates less than the baccalaureate, the institution was classified as Degree-granting, other baccalaureate granting.

2006: Institutional category

Institutional category This indicator was derived using the level of offerings reported on the 2006-07 Institutional Characteristics (IC) component and the number and level of awards that were reported on the 2005-06 Completions (C) component. The following is the specific derivation: 1) Degree-granting, graduate with no undergraduate degrees - These institutions offer either a Master's degree (LEVEL7), Doctor's degree (LEVEL9) or a First-professional degree (LEVEL10) and do not offer a Bachelor's degree (LEVEL5) or an Associate's degree (LEVEL3). 2) Degree-granting, primarily baccalaureate or above - These institutions offer a bachelor's degree (LEVEL5). Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded is greater than 50 percent. (IC and C) 3) Degree-granting, other baccalaureate granting - These institutions offer a bachelor's degree (LEVEL5). Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded must be less than or equal to 50 percent.(IC and C) Bachelor's degrees and all other degrees/certificates above the bachelor's degree awarded is the sum of: Bachelor's degrees (CRACE24,AWLEVEL=5,MAJORNUM=1) Postbaccalaureate certificates (CRACE24,AWLEVEL=6,MAJORNUM=1) Master's degrees (CRACE24,AWLEVEL=7,MAJORNUM=1) Post-master's certificates (CRACE24,AWLEVEL=8,MAJORNUM=1) Doctor's degrees (CRACE24,AWLEVEL=9,MAJORNUM=1) First-professional degrees (CRACE24,AWLEVEL=10,MAJORNUM=1) First-professional certificates (CRACE24,AWLEVEL=11,MAJORNUM=1) Total degrees and certificates is the sum of: Bachelor degrees and all other degrees/certificates above the bachelors degree as defined above and Associate's degrees (CRACE24,AWLEVEL=3,MAJORNUM=1) Postsecondary certificates, awards or diplomas of at least two but less-than four academic years (CRACE24,AWLEVEL=4,MAJORNUM=1). Postsecondary certificates, awards or diplomas of at least one but less-than two academic years (CRACE24,AWLEVEL=2,MAJORNUM=1); Postsecondary certificates, awards or diplomas of less than one academic year (CRACE24,AWLEVEL=1,MAJORNUM=1) 4) Degree-granting, Associate's and certificates - Institutions offer an Associate's degree (LEVEL3) and may offer other postsecondary certificates, awards or diplomas of less than one academic year (LEVEL1); at least one but less-than two academic years (LEVEL2); at least two but less-than four academic years (LEVEL4). (IC) 5) Nondegree-granting, above the baccalaureate - Institutions do not offer Associate's (LEVEL3), Bachelor's (LEVEL5), Master's (LEVEL7), Doctor's (LEVEL9) or First-professional (LEVEL10) degrees, but offer either Postbaccaulaureate (LEVEL6), Post-master's (LEVEL8) or First-professional (LEVEL11) certificates. (IC) 6) Nondegree-granting, sub-baccalaureate - Institutions do not offer Associate's (LEVEL3), Bachelor's (LEVEL5), Master's (LEVEL7), Doctor's (LEVEL9), or First-professional(LEVEL10) degrees, or certificates above the baccalaureate level(LEVEL6,LEVEL8 and LEVEL11). They do offer postsecondary certificates, awards or diplomas of less than one academic year (LEVEL1); at least one but less than two academic years (LEVEL2); or at least two but less than four academic years.(LEVEL4) (IC) All inactive institutions (CYACTIVE in (2,3)) and administrative units (Sector=0) were coded as not applicable. Any institution that did not respond to the 2006-07 Institutional Characteristics component or the 2005-06 Completions component were coded as not reported or could not derive. These were all NonTitle IV institutions. Additional notes on classifying Degree-granting primarily baccalaureate or above and other baccalaureate granting: Degree-granting institutions whose completions data are reported with their parent institution were assigned the same code as the parent institution. New degree-granting institutions that offer a bachelor's degree, but have not

yet awarded bachelor degrees in academic year 2005-06 were assigned as follows: If an institution reported a zero in any program (CIP code) for bachelor's degrees or above (indicating the level was offered) and did not report a zero for any program (CIP code) at any level below the bachelor's, the institution was classified as Degree-granting, primarily baccalaureate or above. If an institution reported a zero in any program (CIP code) at any level below the bachelor's degree and did not report a zero for any program (CIP code) for bachelor's degrees or above, the institution was classified as Degree-granting, other baccalaureate granting. For institutions that reported zeros for both bachelor's degrees or above and for levels below the bachelor's the number of programs (CIP codes) by level was used to determine the primary classification. If the number of programs with reported zeros for degrees/certificates at the bachelor's level or above was greater than the number of programs with reported zeros for degrees/certificates less than the baccalaureate, the institution was classified as Degree-granting, primarily bachelor's or above. If the number of programs with reported zeros for degrees/certificates at the bachelor's level or above was less than the number of programs with reported zeros for degrees/certificates less than the baccalaureate, the institution was classified as Degree-granting, other baccalaureate granting.

2007: Institutional category

Institutional category was derived using the level of offerings reported on the Institutional Characteristics (IC) component and the number and level of awards that were reported on the Completions (C) component. Category descriptions: 1) Degree-granting, graduate with no undergraduate degrees - These institutions offer a Master's degree, Doctor's degree or a First-professional degree and do not offer a Bachelor's degree or an Associate's degree. 2) Degree-granting, primarily baccalaureate or above - These institutions offer a Bachelor's degree, Master's degree,Doctor's degree or a First-professional degree. Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded is greater than 50 percent. 3) Degree-granting, not primarily baccalaureate or above - These institutions offer a Bachelor's degree, Master's degree, Doctor's degree,or a First-professional degree. Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded must be less than or equal to 50 percent. 4) Degree-granting, Associate's and certificates - Institutions offer an Associate's degree and may offer other postsecondary certificates, awards or diplomas of less than one academic year; at least one but less-than two academic years; at least two but less-than four academic years. This category also includes institutions that offer a postbaccalaureate certificate, Post-master's certificate or a First-professional certificate and the highest degree offered is an Associate's degree. 5) Nondegree-granting, above the baccalaureate - Institutions do not offer Associate's, Bachelor's, Master's, Doctor's or First-professional degrees, but offer either Postbaccaulaureate, Post-master's or First-professional certificates. 6) Nondegree-granting, sub-baccalaureate - Institutions do not offer Associate's, Bachelor's , Master's, Doctor's, or First-professional degrees, or certificates above the baccalaureate level. They do offer postsecondary certificates, awards or diplomas of less than one academic year; at least one but less than two academic years; or at least two but less than four academic years. Technical details for Institutional Category (INSTCAT): Total degrees and certificates and total bachelor's degrees and all other degrees/certificates above the bachelor's degree awarded are derived using data from the Completions component. Total bachelor's degrees and all other degrees/certificates above the bachelor's degree is the sum of: Bachelor's degrees (CRACE24,AWLEVEL=5,MAJORNUM=1) Postbaccalaureate certificates (CRACE24,AWLEVEL=6,MAJORNUM=1) Master's degrees (CRACE24,AWLEVEL=7,MAJORNUM=1) Post-master's certificates (CRACE24,AWLEVEL=8,MAJORNUM=1) Doctor's degrees (CRACE24,AWLEVEL=9,MAJORNUM=1) First-professional degrees (CRACE24,AWLEVEL=10,MAJORNUM=1) First-professional certificates (CRACE24,AWLEVEL=11,MAJORNUM=1) Total degrees and certificates is the sum of Bachelor degrees and all other degrees/certificates above the bachelors degree as defined above added to the following: Associate's degrees (CRACE24,AWLEVEL=3,MAJORNUM=1) Postsecondary certificates, awards or diplomas of at least two but less-than four academic years (CRACE24,AWLEVEL=4, MAJORNUM=1). Postsecondary certificates, awards or diplomas of at least one but less-than two academic years (CRACE24,AWLEVEL=2,MAJORNUM=1); Postsecondary certificates, awards or diplomas of less than one academic year (CRACE24,AWLEVEL=1,MAJORNUM=1) Institutions are classified as Degree-granting (DEGGRANT=1) or Nondegree-granting(DEGGRANT=2) using level of offerings data reported on the Institutional Characteristics component. Degree-granting institutions offer an Associate's (LEVEL3=1),Bachelor's (LEVEL5=1, Master's (LEVEL7=1), Doctoral (LEVEL9=1), or a First-Professional (LEVEL10=1) degree. Any institution that offers only certificates are Nondegree-granting. Nondegree-granting institutions that offer a postbaccalaureate certificate (LEVEL6=1) or a post-master's certificate (LEVEL8=1) or a First-professional certificate (LEVEL11=1) are classified as Nondegree-granting, above the baccalaureate (INSTCAT=5). Nondegree-granting institutions that only offer certificates of less-than four academic years are classified as Nondegree-granting, sub-baccalaureate (INSTCAT=6). Degree-granting institutions whose highest degree granted are Associate's (HDEGOFFR=40) are classified as Degree-granting, Associate's and certificates (INSTCAT=4). (There are a few 4-year institutions that grant Postbaccalaureate or Post-master's or First-professional certificates in this category). Degree-granting institutions that do not grant a Bachelor's degree (LEVEL5=0) and do not grant an Associate's degree (LEVEL3=0) are classified as Degree-granting, graduate with no undergraduate degrees (INSTCAT=1). The remaining degree-granting institutions offer a bachelor's degree or an associate's degree, or both. For these institutions a percent of bachelor's degrees and all other degrees/certificates above the bachelor's degree of total degrees and certificates is generated. If the percent is greater than 50, institutions are classified as Degree-granting, primarily baccalaureate or above (INSTCAT=2), If the percent is 50 or less, institutions are classified as Degree-granting, not primarily baccalaureate or above (INSTCAT=3).

Inactive institutions (CYACTIVE in (2,3)) and administrative units (Sector=0) were coded as not applicable. All Non-Title IV institutions that did not respond to the IC or Completions components were coded as not reported. Degree-granting institutions whose completions data are reported with their parent institution were assigned the same code as the parent institution. New degree-granting institutions that report offering a bachelor's degree on the current institutional characteristics file for the upcoming academic year, and have not yet reported bachelor's degrees on the current completions that covers the previous academic year June 1-July 30 were assigned as follows: If an institution reported a zero in any program (CIP code) for bachelor's degrees or above (indicating the level was offered) and did not report a zero for any program (CIP code) at any level below the bachelor's, the institution was classified as Degree-granting, primarily baccalaureate or above. If an institution reported a zero in any program (CIP code) at any level below the bachelor's degree and did not report a zero for any program (CIP code) for bachelor's degrees or above, the institution was classified as Degree-granting, not primarily baccalaureate or above. For institutions that reported zeros for bachelor's degrees of above and for levels below the bachelor's, the maximum number of programs by level was used to determine the primary classification.

2008-2023: Institutional category

Institutional category was derived using the level of offerings reported on the Institutional Characteristics (IC) component and the number and level of awards that were reported on the Completions (C) component. Category descriptions: 1) Degree-granting, graduate with no undergraduate degrees - These institutions offer a Master's degree, Doctor's degree or a First-professional degree and do not offer a Bachelor's degree or an Associate's degree. 2) Degree-granting, primarily baccalaureate or above - These institutions offer a Bachelor's degree, Master's degree,Doctor's degree or a First-professional degree. Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded is greater than 50 percent. 3) Degree-granting, not primarily baccalaureate or above - These institutions offer a Bachelor's degree, Master's degree, Doctor's degree,or a First-professional degree. Also, the total number of degrees/certificates at or above the bachelor's level awarded divided by the total number of degrees/certificates awarded must be less than or equal to 50 percent. 4) Degree-granting, Associate's and certificates - Institutions offer an Associate's degree and may offer other postsecondary certificates, awards or diplomas of less than one academic year; at least one but less-than two academic years; at least two but less-than four academic years. This category also includes institutions that offer a postbaccalaureate certificate, Post-master's certificate or a First-professional certificate and the highest degree offered is an Associate's degree. 5) Nondegree-granting, above the baccalaureate - Institutions do not offer Associate's, Bachelor's, Master's, Doctor's or First-professional degrees, but offer either Postbaccaulaureate, Post-master's or First-professional certificates. 6) Nondegree-granting, sub-baccalaureate - Institutions do not offer Associate's, Bachelor's , Master's, Doctor's, or First-professional degrees, or certificates above the baccalaureate level. They do offer postsecondary certificates, awards or diplomas of less than one academic year; at least one but less than two academic years; or at least two but less than four academic years. Technical details for Institutional Category (INSTCAT): Total degrees and certificates and total bachelor's degrees and all other degrees/certificates above the bachelor's degree awarded are derived using data from the Completions component. Total bachelor's degrees and all other degrees/certificates above the bachelor's degree is the sum of: Bachelor's degrees (CTOTALT,AWLEVEL=5,MAJORNUM=1) Postbaccalaureate certificates (CTOTALT,AWLEVEL=6,MAJORNUM=1) Master's degrees (CTOTALT,AWLEVEL=7,MAJORNUM=1) Post-master's certificates (CTOTALT,AWLEVEL=8,MAJORNUM=1) Doctor's degrees (CTOTALT,AWLEVEL=9,MAJORNUM=1) First-professional degrees (CTOTALT,AWLEVEL=10,MAJORNUM=1) First-professional certificates (CTOTALT,AWLEVEL=11,MAJORNUM=1) Total degrees and certificates is the sum of Bachelor degrees and all other degrees/certificates above the bachelors degree as defined above added to the following: Associate's degrees (CTOTALT,AWLEVEL=3,MAJORNUM=1) Postsecondary certificates, awards or diplomas of at least two but less-than four academic years (CTOTALT,AWLEVEL=4, MAJORNUM=1). Postsecondary certificates, awards or diplomas of at least one but less-than two academic years (CTOTALT,AWLEVEL=2,MAJORNUM=1); Postsecondary certificates, awards or diplomas of less than one academic year (CTOTALT,AWLEVEL=1,MAJORNUM=1) Institutions are classified as Degree-granting (DEGGRANT=1) or Nondegree-granting(DEGGRANT=2) using level of offerings data reported on the Institutional Characteristics component. Degree-granting institutions offer an Associate's (LEVEL3=1),Bachelor's (LEVEL5=1, Master's (LEVEL7=1), Doctoral (LEVEL9=1), or a First-Professional (LEVEL10=1) degree. Any institution that offers only certificates are Nondegree-granting. Nondegree-granting institutions that offer a postbaccalaureate certificate (LEVEL6=1) or a post-master's certificate (LEVEL8=1) or a First-professional certificate (LEVEL11=1) are classified as Nondegree-granting, above the baccalaureate (INSTCAT=5). Nondegree-granting institutions that only offer certificates of less-than four academic years are classified as Nondegree-granting, sub-baccalaureate (INSTCAT=6). Degree-granting institutions whose highest degree granted are Associate's (HDEGOFFR=40) are classified as Degree-granting, Associate's and certificates (INSTCAT=4). (There are a few 4-year institutions that grant Postbaccalaureate or Post-master's or First-professional certificates in this category). Degree-granting institutions that do not grant a Bachelor's degree (LEVEL5=0) and do not grant an Associate's degree (LEVEL3=0) are classified as Degree-granting, graduate with no undergraduate degrees (INSTCAT=1). The remaining degree-granting institutions offer a bachelor's degree or an associate's degree, or both. For these institutions a percent of bachelor's degrees and all other degrees/certificates above the bachelor's degree of total degrees and certificates is generated. If the percent is greater than 50, institutions are classified as Degree-granting, primarily baccalaureate or above (INSTCAT=2), If the percent is 50 or less, institutions are classified as Degree-granting, not primarily baccalaureate or above (INSTCAT=3).

Inactive institutions (CYACTIVE in (2,3)) and administrative units (Sector=0) were coded as not applicable. All Non-Title IV institutions that did not respond to the IC or Completions components were coded as not reported. Degree-granting institutions whose completions data are reported with their parent institution were assigned the same code as the parent institution. New degree-granting institutions that report offering a bachelor's degree on the current institutional characteristics file for the upcoming academic year, and have not yet reported bachelor's degrees on the current completions that covers the previous academic year June 1-July 30 were assigned as follows: If an institution reported a zero in any program (CIP code) for bachelor's degrees or above (indicating the level was offered) and did not report a zero for any program (CIP code) at any level below the bachelor's, the institution was classified as Degree-granting, primarily baccalaureate or above. If an institution reported a zero in any program (CIP code) at any level below the bachelor's degree and did not report a zero for any program (CIP code) for bachelor's degrees or above, the institution was classified as Degree-granting, not primarily baccalaureate or above. For institutions that reported zeros for bachelor's degrees of above and for levels below the bachelor's, the maximum number of programs by level was used to determine the primary classification.

INSTRFTE

Instruction expenses per FTE

Storage: double | Stata name: INSTRFTE | Observed years: 2004-2005 | Nulls: 129,857

Definitions by release year

2004: Instruction expenses per FTE

Instruction expenses per FTE is derived for all institutions as follows: Instruction expenses is equal to: F1C011 for public institutions using the new GASB 34/35 standards F2E011 for public and private-not-for profit institutions using the FASB standards. F3E01 for private for-profit institutions. Instruction expenses is then divided by the Full-time equivalent enrollment: Academic year 2003-04 Instruction - A functional expense category that includes expenses of the colleges, schools, departments, and other instructional divisions of the institution and expenses for departmental research and public service that are not separately budgeted. Includes general academic instruction, occupational and vocational instruction, community education, preparatory and adult basic education, and regular, special, and extension sessions. Also includes expenses for both credit and non-credit activities. Excludes expenses for academic administration where the primary function is administration (e.g., academic deans). Information technology expenses related to instructional activities if the institution separately budgets and expenses information technology resources are included (otherwise these expenses are included in academic support). FASB institutions include actual or allocated costs for operation and maintenance of plant, interest, and depreciation. GASB institutions do not include operation and maintenance of plant or interest, but may, as an option, distribute depreciation expense. 12-month full-time equivalent enrollment: Academic year 2003-04. The full-time-equivalent (FTE) enrollment used in this report is the sum of the institutions' FTE undergraduate enrollment and FTE graduate enrollment (as calculated from or reported on the 2004 Enrollment component) plus the estimated FTE of first-professional students. Undergraduate and graduate FTE are estimated using 12-month instructional activity (credit and/or contact hours). First-professional FTE is estimated by calculating the ratio of full-time to part-time first-professional students from the fall counts (part A) and applying this ratio to the 12-month unduplicated headcount of first-professional students. The estimated number of full-time students is added to one-third of the estimated number of part-time students. The calculation of FTE undergraduate and graduates is as follows: Quarter calendar system Enrollment level (One FTE over 12-month period) Undergraduate 45 credit hours, 900 contact hours Graduate 36 credit hours Semester/trimester/4-1-4 plan/other calendar system Enrollment level (one FTE over 12-month period) Undergraduate 30 credit hours 900 contact hours Graduate 24 credit hours For institutions with continuous enrollment programs, FTE is determined by dividing the number of contact hours attempted by 900.

2005: Instruction expenses per FTE

Instruction expenses per FTE is derived for all institutions as follows: Instruction expenses is equal to: F1C011 for public institutions using the new GASB 34/35 standards F2E011 for public and private-not-for profit institutions using the FASB standards. F3E01 for private for-profit institutions. Instruction expenses is then divided by the Full-time equivalent enrollment: Academic year 2004-05 Instruction - A functional expense category that includes expenses of the colleges, schools, departments, and other instructional divisions of the institution and expenses for departmental research and public service that are not separately budgeted. Includes general academic instruction, occupational and vocational instruction, community education, preparatory and adult basic education, and regular, special, and extension sessions. Also includes expenses for both credit and non-credit activities. Excludes expenses for academic administration where the primary function is administration (e.g., academic deans). Information technology expenses related to instructional activities if the institution separately budgets and expenses information technology resources are included (otherwise these expenses are included in academic support). FASB institutions include actual or allocated costs for operation and maintenance of plant, interest, and depreciation. GASB institutions do not include operation and maintenance of plant or interest, but may, as an option, distribute depreciation expense. 12-month full-time equivalent enrollment: Academic year 2004-05. The full-time-equivalent (FTE) enrollment used in this report is the sum of the institutions' FTE undergraduate enrollment and FTE graduate enrollment (as calculated from or reported on the 2004 Enrollment component) plus the estimated FTE of first-professional students. Undergraduate and graduate FTE are estimated using 12-month instructional activity (credit and/or contact hours). First-professional FTE is estimated by calculating the ratio of full-time to part-time first-professional students from the fall counts (part A) and applying this ratio to the 12-month unduplicated headcount of first-professional students. The estimated number of full-time students is added to one-third of the estimated number of part-time students. The calculation of FTE undergraduate and graduates is as follows: Quarter calendar system Enrollment level (One FTE over 12-month period) Undergraduate 45 credit hours, 900 contact hours Graduate 36 credit hours Semester/trimester/4-1-4 plan/other calendar system Enrollment level (one FTE over 12-month period) Undergraduate 30 credit hours 900 contact hours Graduate 24 credit hours For institutions with continuous enrollment programs, FTE is determined by dividing the number of contact hours attempted by 900.

INSTUFTE

Institutional support expenses per FTE

Storage: double | Stata name: INSTUFTE | Observed years: 2004-2005 | Nulls: 134,322

Definitions by release year

2004: Institutional support expenses per FTE

Institutional support expenses per FTE is derived for public and private not-for-profit institutions as follows: Institutional support expenses is equal to: F1C071 for public institutions using the new GASB 34/35 standards F2E061 for public and private-not-for profit institutions using the FASB standards. Institutional support expenses is then divided by the Full-time equivalent enrollment: Academic year 2003-04 Institutional support - A functional expense category that includes expenses for the day-to-day operational support of the institution. Includes expenses for general administrative services, central executive-level activities concerned with management and long range planning, legal and fiscal operations, space management, employee personnel and records, logistical services such as purchasing and printing, and public relations and development. Also includes information technology expenses related to institutional support activities. If an institution does not separately budget and expense information technology resources, the costs associated with student services and operation and maintenance of plant will also be applied to this function. FASB institutions include actual or allocated costs for operation and maintenance of plant, interest and depreciation. GASB institutions do not include operation and maintenance of plant or interest, but may, as an option, distribute depreciation expense. 12-month full-time equivalent enrollment: Academic year 2003-04. The full-time-equivalent (FTE) enrollment used in this report is the sum of the institutions' FTE undergraduate enrollment and FTE graduate enrollment (as calculated from or reported on the 2004 Enrollment component) plus the estimated FTE of first-professional students. Undergraduate and graduate FTE are estimated using 12-month instructional activity (credit and/or contact hours). First-professional FTE is estimated by calculating the ratio of full-time to part-time first-professional students from the fall counts (part A) and applying this ratio to the 12-month unduplicated headcount of first-professional students. The estimated number of full-time students is added to one-third of the estimated number of part-time students. The calculation of FTE undergraduate and graduates is as follows: Quarter calendar system Enrollment level (One FTE over 12-month period) Undergraduate 45 credit hours, 900 contact hours Graduate 36 credit hours Semester/trimester/4-1-4 plan/other calendar system Enrollment level (one FTE over 12-month period) Undergraduate 30 credit hours 900 contact hours Graduate 24 credit hours For institutions with continuous enrollment programs, FTE is determined by dividing the number of contact hours attempted by 900.

2005: Institutional support expenses per FTE

Institutional support expenses per FTE is derived for public and private not-for-profit institutions as follows: Institutional support expenses is equal to: F1C071 for public institutions using the new GASB 34/35 standards F2E061 for public and private-not-for profit institutions using the FASB standards. Institutional support expenses is then divided by the Full-time equivalent enrollment: Academic year 2004-05 Institutional support - A functional expense category that includes expenses for the day-to-day operational support of the institution. Includes expenses for general administrative services, central executive-level activities concerned with management and long range planning, legal and fiscal operations, space management, employee personnel and records, logistical services such as purchasing and printing, and public relations and development. IRPSSTF

Instruction/research and public service FTE staff

Storage: double | Stata name: IRPSSTF | Observed years: 2005-2011 | Nulls: 92,538

Definitions by release year

2005-2011: Instruction/research and public service FTE staff

The full-time-equivalent (FTE) of professional staff is calculated by summing the total number of full-time professional staff from the Employees by Assigned Position (EAP) component and adding one-third of the total number of part-time professional staff. Specifically for Instruction/research and public service FTE staff SUM of (A1+ B1/3),(A2+ B2/3),(A3 + B3/3), (A4 + B4/3) Where A1=Full-time, Primarily instruction total (EAPRECTP=2110) B1=Part-time, Primarily instruction total (EAPRECTP=3110) A2=Full-time, Instruction combined with research/public service (EAPRECTP=2120) B2=Part-time, Instruction combined with research/public service (EAPRECTP=3120) A3=Full-time, Primarily research total (EAPRECTP=2130) B3=Part-time, Primarily research total (EAPRECTP=3130) A4=Full-time, Primarily public service total (EAPRECTP=2140) B4=Part-time, Primarily public service total (EAPRECTP=3140) Primarily instruction - A primary function or occupational activity category used to classify persons whose specific assignments customarily are made for the purpose of conducting instruction or teaching and who hold academic titles of professor, associate professor, assistant professor, instructor, lecturer or the equivalent. Includes deans, directors, or the equivalent, as well as associate deans, assistant deans, and executive officers of academic departments (chairpersons, heads, or equivalent) if their principal activity is instruction. Primarily public service - A primary function or occupational activity category used to classify persons whose specific assignments customarily are made for the purpose of carrying out public service activities such as agricultural extension services, clinical services, or continuing education and who may hold academic titles of professor, associate professor, assistant professor. Includes deans, directors, or the equivalent, as well as associate deans, assistant deans, and executive officers of academic departments (chairpersons, heads, or equivalent) if their principal activity is public service. Primarily research - A primary function or occupational activity category used to classify persons whose specific assignments customarily are made for the purpose of conducting research and who hold academic titles of professor, associate professor, assistant professor, or titles such as research associate or postdoctoral fellow. Includes deans, directors, or the equivalent, as well as associate deans, assistant deans, and executive officers of academic departments (chairpersons, heads, or equivalent) if their principal activity is research.

ISTSTAFF

Primarily instruction FTE as a percent of FTE professional staff

Storage: double | Stata name: ISTSTAFF | Observed years: 2004 | Nulls: 135,114

Definitions by release year

2004: Primarily instruction FTE as a percent of FTE professional staff

The full-time-equivalent (FTE) of professional staff is calculated by summing the total number of full-time professional staff from the Employees by Assigned Position (EAP) component and adding one-third of the total number of part-time professional staff. Specifically for Primarily instruction FTE as a percent of FTE professional staff (A1+(B1/3)) / SUM(of (A1+ B1/3),(A2+ B2/3),(A3 + B3/3), (A4 + B4/3), (A5 + B5/3), (A6 + B6/3)) * 100; Where A1=Full-time, Primarily instruction total (EAPRECTP=2110) B1=Part-time, Primarily instruction total (EAPRECTP=3110) A2=Full-time, Instruction combined with research/public service (EAPRECTP=2120) B2=Part-time, Instruction combined with research/public service (EAPRECTP=3120) A3=Full-time, Primarily research total (EAPRECTP=2130) B3=Part-time, Primarily research total (EAPRECTP=3130) A4=Full-time, Primarily public service total (EAPRECTP=2140) B4=Part-time, Primarily public service total (EAPRECTP=3140) A5=Full-time, Executive/administrative and managerial (EAPRECTP=2150) B5=Part-time, Executive/administrative and managerial (EAPRECTP=3150) A6=Full-time, Other professional (EAPRECTP=2160) B6=Part-time, Other professional (EAPRECTP=3160) Primarily instruction - A primary function or occupational activity category used to classify persons whose specific assignments customarily are made for the purpose of conducting instruction or teaching and who hold academic titles of professor, associate professor, assistant professor, instructor, lecturer or the equivalent. Includes deans, directors, or the equivalent, as well as associate deans, assistant deans, and executive officers of academic departments (chairpersons, heads, or equivalent) if their principal activity is instruction. Primarily public service - A primary function or occupational activity category used to classify persons whose specific assignments customarily are made for the purpose of carrying out public service activities such as agricultural extension services, clinical services, or continuing education and who may hold academic titles of professor, associate professor, assistant professor. Includes deans, directors, or the equivalent, as well as associate deans, assistant deans, and executive officers of academic departments (chairpersons, heads, or equivalent) if their principal activity is public service. Primarily research - A primary function or occupational activity category used to classify persons whose specific assignments customarily are made for the purpose of conducting research and who hold academic titles of professor, associate professor, assistant professor, or titles such as research

associate or postdoctoral fellow. Includes deans, directors, or the equivalent, as well as associate deans, assistant deans, and executive officers of academic departments (chairpersons, heads, or equivalent) if their principal activity is research. Executive, administrative, and managerial - A primary function or occupational activity category used to classify persons whose assignments require management of the institution, or a customarily recognized department or subdivision thereof. Assignments require the performance of work directly related to management policies or general business operations of the institution, department or subdivision. Assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgment. Included in this category are employees holding titles such as: top executives; chief executives; general and operations managers; advertising, marketing, promotions, public relations, and sales managers; operations specialties managers; administrative services managers; computer and information systems managers; financial managers; human resources managers; purchasing managers; postsecondary education administrators such as: presidents, vice presidents (including assistants and associates), deans (including assistants and associates) if their principal activity is administrative and not primarily instruction, research or public service, directors (including assistants and associates), department heads (including assistants and associates) if their principal activity is administrative and not primarily instruction, research or public service, assistant and associate managers (including first-line managers of service, production and sales workers who spend more than 80 percent of their time performing supervisory activities); engineering managers; food service managers; lodging managers; and medical and health services managers. Other professional (support/service) - A primary function or occupational activity category used to classify persons employed for the primary purpose of performing academic support, student service, and institutional support, whose assignments would require either a baccalaureate degree or higher or experience of such kind and amount as to provide a comparable background. Included in this category are all employees holding titles such as business operations specialists; buyers and purchasing agents; human resources, training, and labor relations specialists; management analysts; meeting and convention planners; miscellaneous business operations specialists; financial specialists; accountants and auditors; budget analysts; financial analysts and advisors; financial examiners; loan counselors and officers; computer specialists; computer and information scientists, research; computer programmers; computer software engineers; computer support specialists; computer systems analysts; database administrators; network and computer systems administrators; network systems and data communication analysts; counselors, social workers, and other community and social service specialists; counselors; social workers; health educators; clergy; directors, religious activities and education; lawyers; librarians, curators, and archivists; museum technicians and conservators; librarians; artists and related workers; designers; athletes, coaches, umpires; dancers and choreographers; music directors and composers; chiropractors; dentists; dietitians and nutritionists; optometrists; pharmacists; physicians and surgeons; podiatrists; registered nurses; therapists; and veterinarians.

L4AEXCL

Additional exclusions from degree/certificate-seeking cohort

Storage: double | Stata name: L4AEXCL | Observed years: 2008-2023 | Nulls: 86,028

Definitions by release year

2008-2023: Additional exclusions from degree/certificate-seeking cohort

Additional exclusions from degree/certificate-seeking cohort (two-year and less-than-two year institutions) Additional exclusions who left institution between 150% of normal time and 200% of normal time (and have neither graduated nor transferred to another institution) because of one of the following documented reasons: The student is deceased

or is totally and permanently disabled and thus unable to return to school. The student left school to serve in the armed forces or was called to active duty. (DO NOT include students already in the military who transfer to another duty station.) The student left school to serve with a foreign aid service of the Federal Government, such as the Peace Corps. The student left school to serve on an official church mission. NOTE: Students who leave the institution for one of the above reasons, but return prior to the 200 percent status date of August 31, may still be reported as exclusions.

Graduation rate - degree/certificate within 100% of normal time (two-year and less-than-two year institutions 2018 cohort) The number of students from the adjusted degree/certificate-seeking cohort, who completed a program within 100 percent of normal time divided by the adjusted cohort. Note: Adjusted Cohort is the revised cohort minus exclusions as reported by the institution as of 150 percent of normal time. Normal time is 2 years for an associate's degree in a standard term-based institution; and the various scheduled times for certificate programs.

2005-2021: Land Grant Institution

Land Grant Institution A land-grant college or university is an institution that has been designated by its state legislature or Congress to receive the benefits of the Morrill Acts of 1862 and 1890. The original mission of these institutions, as set forth in the first Morrill Act, was to teach agriculture, military tactics, and the mechanic arts as well as classical studies so that members of the working classes could obtain a liberal, practical education. Over the years, land-grant status has implied several types of federal support. The first Morrill Act provided grants in the form of federal lands to each state for the establishment of a public institution to fulfill the act's provisions. At different times money was appropriated through legislation such as the second Morrill Act and the Bankhead-Jones Act, although the funding provisions of these acts are no longer in effect. Today, the Nelson Amendment to the Morrill Act provides a permanent annual appropriation of $50,000 per state and territory. A key component of the land-grant system is the agricultural experiment station program created by the Hatch Act of 1887. The Hatch Act authorized direct payment of federal grant funds to each state to establish an agricultural experiment station in connection with the land-grant institution there. The amount of this appropriation varies from year to year and is determined for each state through a formula based on the number of small farmers there. A major portion of the federal funds must be matched by the state. To disseminate information gleaned from the experiment stations' research, the Smith-Lever Act of 1914 created a Cooperative Extension Service associated with each U.S. land-grant institution. This act authorized ongoing federal support for extension services, using a formula similar to the Hatch Act's to determine the amount of the appropriation. This act also requires that the states provide matching funds in order to receive the federal monies. Passage of the First Morrill Act (1862) reflected a growing demand for agricultural and technical education in the United States. While a number of institutions had begun to expand upon the traditional classical curriculum, higher education was still widely unavailable to many agricultural and industrial workers. The Morrill Act was intended to provide a broad segment of the population with a practical education that had direct relevance to their daily lives. The Second Morrill Act (1890) sought to extend access to higher education by providing additional endowments for all land-grants, but prohibiting distribution of money to states that made distinctions of race in admissions. However, states that provided a separate land-grant institution for blacks were eligible to receive the funds. The institutions that, as a result of this act, were founded or designated the land-grant for blacks in each of the then-segregated Southern states came to be known as "the 1890 land-grants." Native American tribal colleges are sometimes called the "1994 land-grants." For more information on Land Grant Institutions see www.nasulgc.org/publications/Land_Grant/land.htm

2022-2023: Land Grant Institution

Land Grant Institution A land-grant college or university is an institution that has been designated by its state legislature or Congress to receive the benefits of the Morrill Acts of 1862 and 1890. The original mission of these institutions, as set forth in the first Morrill Act, was to teach agriculture, military tactics, and the mechanic arts as well as classical studies so that members of the working classes could obtain a liberal, practical education. Over the years, land-grant status has implied several types of federal support. The first Morrill Act provided grants in the form of federal lands to each state for the establishment of a public institution to fulfill the act's provisions. At different times

money was appropriated through legislation such as the second Morrill Act and the Bankhead-Jones Act, although the funding provisions of these acts are no longer in effect. Today, the Nelson Amendment to the Morrill Act provides a permanent annual appropriation of $50,000 per state and territory. A key component of the land-grant system is the agricultural experiment station program created by the Hatch Act of 1887. The Hatch Act authorized direct payment of federal grant funds to each state to establish an agricultural experiment station in connection with the land-grant institution there. The amount of this appropriation varies from year to year and is determined for each state through a formula based on the number of small farmers there. A major portion of the federal funds must be matched by the state. To disseminate information gleaned from the experiment stations' research, the Smith-Lever Act of 1914 created a Cooperative Extension Service associated with each U.S. land-grant institution. This act authorized ongoing federal support for extension services, using a formula similar to the Hatch Act's to determine the amount of the appropriation. This act also requires that the states provide matching funds in order to receive the federal monies. Passage of the First Morrill Act (1862) reflected a growing demand for agricultural and technical education in the United States. While a number of institutions had begun to expand upon the traditional classical curriculum, higher education was still widely unavailable to many agricultural and industrial workers. The Morrill Act was intended to provide a broad segment of the population with a practical education that had direct relevance to their daily lives. The Second Morrill Act (1890) sought to extend access to higher education by providing additional endowments for all land-grants, but prohibiting distribution of money to states that made distinctions of race in admissions. LCOLELYN

Is the Library collection entirely electronic

Storage: string | Stata name: LCOLELYN | Observed years: 2006, 2008, 2010, 2012, 2014-2023 | Nulls: 87,059

Definitions by release year

2006, 2008, 2010, 2012, 2014-2023: Is the Library collection entirely electronic

Institution selects ""Yes"" if library collection is comprised entirely of digital/electronic items and selects ""No"" if library collection is comprised of both physical and digital/electronic items. Library collections comprise of documents held locally and remote resources for which permanentor temporary access rights have been acquired. Access rights may be acquired by the library itself, by a consortium and/or through external funding. Acquisition is to be understood as securing rights and including it on the OPAC (online public access catalog) or other databases of the library.

LEBOOKSP

Digital/Electronic books as a percent of the total library collection

Storage: double | Stata name: LEBOOKSP | Observed years: 2014-2023 | Nulls: 102,289

Definitions by release year

2014-2015: Digital/Electronic books as a percent of the total library collection

Digital/Electronic books as a percent of the total library collection is derived by dividing the number of digital/electronic books (LEBOOKS) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), electronic/digital books (LEBOOKS), electronic/digital databases (LEDATAB) and electronic/digital media (LEMEDIA). Number of digital/electronic books - The number of digital/electronic book units held locally and remote units for which permanent or temporary access rights have been acquired. E-books that are available as part of a database are excluded. E-books are digital documents (including those digitized by the library), licensed or not, where searchable text is prevalent, and which can be seen in analogy to a printed book (monograph). Include non-serial government documents.

2016: Digital/Electronic books as a percent of the total library collection

Digital/Electronic books as a percent of the total library collection is derived by dividing the number of digital/electronic books (LEBOOKS) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), physical serials (LPSERIA) digital/electronic books (LEBOOKS), digital/electronic databases (LEDATAB), digital/electronic media (LEMEDIA) and digital/electronic serials (LESERIA). Physical and digital/electronic serials were not included prior to 2016. Number of digital/electronic books - The number of digital/electronic book units held locally and remote units for which permanent or temporary access rights have been acquired. E-books that are available as part of a database are excluded. E-books are digital documents (including those digitized by the library), licensed or not, where searchable text is prevalent, and which can be seen in analogy to a printed book (monograph). Include non-serial government documents.

2017-2023: Digital/Electronic books as a percent of the total library collection

Digital/Electronic books as a percent of the total library collection is derived by dividing the number of digital/electronic books (LEBOOKS) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), physical serials (LPSERIA) digital/electronic books (LEBOOKS), digital/electronic databases (LEDATAB), digital/electronic media (LEMEDIA) and digital/electronic serials (LESERIA). Physical and digital/electronic serials were not included prior to 2017. Number of digital/electronic books - The number of digital/electronic book units held locally and remote units for which permanent or temporary access rights have been acquired. E-books that are available as part of a database are excluded. E-books are digital documents (including those digitized by the library), licensed or not, where searchable text is prevalent, and which can be seen in analogy to a printed book (monograph). Include non-serial government documents.

Definitions by release year

2014-2015: Databases as a percent of the total library collection

Digital/Electronic databases as a percent of the total library collection is derived by dividing the number of digital/electonic databases (LEDATAB) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), electronic/digital books (LEBOOKS), electronic/digital databases (LEDATAB) and electronic/digital media (LEMEDIA). Number of digital/electronic databases - The number of licensed digital/electronic databases in the library collection. A database is collection of electronically stored data or unit records (facts, bibliographic data, and texts) with a common user interface and software for the retrieval and manipulation of the data. The data or records are usually collected with a particular intent and relate to a defined topic.

2016: Databases as a percent of the total library collection

Digital/Electronic databases as a percent of the total library collection is derived by dividing the number of digital/electonic databases (LEDATAB) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), physical serials (LPSERIA) digital/electronic books (LEBOOKS), digital/electronic databases (LEDATAB), digital/electronic media (LEMEDIA) and digital/electronic serials (LESERIA). Physical and digital/electronic serials were not included prior to 2016. Number of digital/electronic databases - The number of licensed digital/electronic databases in the library collection. A database is collection of electronically stored data or unit records (facts, bibliographic data, and texts) with a common user interface and software for the retrieval and manipulation of the data. The data or records are usually collected with a particular intent and relate to a defined topic.

2017-2023: Databases as a percent of the total library collection

Digital/Electronic databases as a percent of the total library collection is derived by dividing the number of digital/electonic databases (LEDATAB) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), physical serials (LPSERIA) digital/electronic books (LEBOOKS), digital/electronic databases (LEDATAB), digital/electronic media (LEMEDIA) and digital/electronic serials (LESERIA). Physical and digital/electronic serials were not included prior to 2017. Number of digital/electronic databases - The number of licensed digital/electronic databases in the library collection. [varies by year] Certifiicate of at least 1 year, but less than 2 years

Storage: string | Stata name: LEVEL2 | Observed years: 2004-2023 | Nulls: 3,340

Definitions by release year

2004-2019: One but less than two years certificate

What award levels are offered by your institution? (One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours.) [Check all that apply] Postsecondary award, certificate, or diploma of at least one but less than two academic years (at least 900 but less than 1800 contact or clock hours) POSTSECONDARY AWARD, CERTIFICATE, OR DIPLOMA (AT LEAST 1 BUT LESS THAN 2 ACADEMIC YEARS) -Requires completion of an organized program of study at the postsecondary level (below the baccalaureate degree) in at least 1 but less than 2 full-time equivalent academic years, or designed for completion in at least 30 but less than 60 credit hours, or in at least 900 but less than 1,800 contact hours.

2020: Certificate of at least 1 year, but less than 2 years

What award levels are offered by your institution? [Check all that apply] Postsecondary award, certificate, or diploma of at least 900 but less than 1,800 clock hours, or at least 30 but less than 60 semester or trimester credit hours, or at least 45 but less than 90 quarter credit hours (at least 1 year but less than 2 years) POSTSECONDARY AWARD, CERTIFICATE, OR DIPLOMA (AT LEAST 1 BUT LESS THAN 2 YEARS) -Requires completion of an organized program of study at the postsecondary level (below the baccalaureate degree) in at least 1 but less than 2 full-time equivalent academic years, or designed for completion in at least 30 but less than 60 credit hours, or in at least 900 but less than 1,800 clock hours. Beginning in 2020-21, references to academic year equivalencies were removed from all levels of subbaccalaureate certificates.

2021-2023: Certifiicate of at least 1 year, but less than 2 years

What award levels are offered by your institution? [Check all that apply] Postsecondary award, certificate, or diploma of at least 900 but less than 1,800 clock hours, or at least 30 but less than 60 semester or trimester credit hours, or at least 45 but less than 90 quarter credit hours (at least 1 year but less than 2 years) POSTSECONDARY AWARD, CERTIFICATE, OR DIPLOMA (AT LEAST 1 BUT LESS THAN 2 YEARS) -Requires completion of an organized program of study at the postsecondary level (below the baccalaureate degree) in at least 1 but less than 2 full-time equivalent academic years, or designed for completion in at least 30 but less than 60 credit hours, or in at least 900 but less than 1,800 clock hours. Beginning in 2020-21, references to academic year equivalencies were removed from all levels of subbaccalaureate certificates.

LEVEL5

Bachelor's degree

Storage: string | Stata name: LEVEL5 | Observed years: 2004-2023 | Nulls: 3,340

Definitions by release year

2004-2019: Bachelor's degree

What award levels are offered by your institution? (One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours.) [Check all that apply] Bachelor's degree or equivalent BACHELOR'S DEGREE - An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least 4 but not more than 5 years of full-time equivalent college-level work. This includes all bachelor's degrees conferred in a 5-year cooperative (work-study plan) program. A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies. Also, includes bachelor's degrees in which the normal 4 years of work are completed in 3 years.

2020-2023: Bachelor's degree

What award levels are offered by your institution? [Check all that apply] Bachelor's degree or equivalent BACHELOR'S DEGREE - An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least 4 but not more than 5 years of full-time equivalent college-level work. LEXOMTLP

Total operations and maintenance as a percent of total library expenditures

Storage: double | Stata name: LEXOMTLP | Observed years: 2014-2023 | Nulls: 112,579

Definitions by release year

2014-2023: Total operations and maintenance as a percent of total library expenditures

Total operations and maintenance as a percent of total library expenditures is derived by dividing total operations and maintenance expenditures (LEXOMTL) by total library expenditures (LEXPTOT) and multiplying by 100. Total library expenditures is the sum of the following expenses: Salaries and wages (LSALWAG) Fringe benefits paid out of the library budget (LFRNGBN) One-time purchases of books, serial backfiles, and other materials (LEXMSBB) Ongoing commitments to subscriptions (LEXMSCS) Other materials/services expenditures (LEXMSOT) Total operations and maintenance expenditures (LEXOMTL) Total operations and maintenance expenditures - This calculated value is the sum of preservation services and all other operation and maintenance expenditures. Preservation services - The total expenditures associated with maintaining library and archival materials for use either in their original physical form or in some other usable way. This includes but is not limited to binding and rebinding, materials conservation, de-acidification, lamination, and restoration. Also, include preservation-related contracts for services (e.g. digitization). Other operation and maintenance expenditures - This field includes all other operation and maintenance expenditures that are not preservation services. Includes computer hardware, software, and equipment expenses; national, regional, and local bibliographic utilities, networks and consortia fees; and other expenses not reported relating to maintenance.

LEXPTOTF

Total library expenditures per FTE

Storage: double | Stata name: LEXPTOTF | Observed years: 2014-2023 | Nulls: 112,584

Definitions by release year

2014-2019: Total library expenditures per FTE

Total library expenditures per FTE is derived by dividing total library expenditures by the total 12-month FTE enrollment. Total library expenditures is the sum of the following expenses: Salaries and wages (LSALWAG) Fringe benefits paid out of the library budget (LFRNGBN) One-time purchases of books, serial backfiles, and other materials (LEXMSBB) Ongoing commitments to subscriptions (LEXMSCS) Other materials/services expenditures (LEXMSOT) Total operations and maintenance expenditures (LEXOMTL) The number of FTE students is calculated based on the credit and/or contact hours reported by the institution on the IPEDS 12-month enrollment (E12) component and the institution's calendar system, as reported on the IC Header component. The following table indicates the level of instructional activity used to convert the credit and/or contact hours reported to an indicator of full-time equivalents (FTE students): - Quarter calendar system - Enrollment level (One FTE over 12-month period) -Undergraduate 45 credit hours, 900 contact hours -Graduate 36 credit hours - Semester/trimester/4-1-4 plan/other calendar system -Enrollment level (one FTE over 12-month period) -Undergraduate 30 credit hours 900 contact hours -Graduate 24 credit hours For institutions with continuous enrollment programs, FTE is determined by dividing the number of contact hours attempted by 900. Institutions have the choice of using the estimated FTE generated from the above formula or report their own FTE. The total 12-month FTE is generated by summing the estimated or reported undergraduate FTE and the estimated or reported graduate FTE and reported Doctor's Professional Practice FTE.

2020-2023: Total library expenditures per FTE

Total library expenditures per FTE is derived by dividing total library expenditures by the total 12-month FTE enrollment. Total library expenditures is the sum of the following expenses: Salaries and wages (LSALWAG) Fringe benefits paid out of the library budget (LFRNGBN) One-time purchases of books, serial backfiles, and other materials (LEXMSBB) Ongoing commitments to subscriptions (LEXMSCS) Other materials/services expenditures (LEXMSOT) Total operations and maintenance expenditures (LEXOMTL) The number of FTE students is calculated based on the credit and/or clock hours reported by the institution on the IPEDS 12-month enrollment (E12) component and the institution's calendar system, as reported on the IC Header component. The following table indicates the level of instructional activity used to convert the credit and/or clock hours reported to an indicator of full-time equivalents (FTE students): -Quarter calendar system - Enrollment level (One FTE over 12-month period) -Undergraduate 45 credit hours, 900 clock hours -Graduate 36 credit hours - Semester/trimester/4-1-4 plan/other calendar system -Enrollment level (one FTE over 12-month period) -Undergraduate 30 credit hours 900 clock hours -Graduate 24 credit hours For institutions with continuous enrollment programs, FTE is determined by dividing the number of clock hours attempted by 900. Institutions have the choice of using the estimated FTE generated from the above formula or report their own FTE. The total 12-month FTE is generated by summing the estimated or reported undergraduate FTE and the estimated or reported graduate FTE and reported Doctor's Professional Practice FTE.

LIBFAC

Library facilities at institution

Storage: string | Stata name: LIBFAC | Observed years: 2004-2015 | Nulls: 54,929

Definitions by release year

2004-2015: Library facilities at institution

Does your institution have its own library or are you financially supporting a shared library with another postsecondary education institution? LIBRARY - An organized collection of printed, microform, and audiovisual materials which (a) is administered as one or more units, (b) is located in one or more designated places, and (c) makes printed, microform, and audiovisual materials as well as necessary equipment and services of a staff accessible to students and to faculty. Includes units meeting the above definition which are part of a learning resource center. SHARED LIBRARY - A facility housing an organized collection of printed, microform, and audiovisual materials, and (a) is jointly administered by more than one educational institution, or (b) whose funds or operating expenditures have been received from more than one educational institution. The location of the facility is not a determining factor. POSTSECONDARY EDUCATION INSTITUTION - An institution which has as its sole purpose, or one of its primary missions, the provision of postsecondary education. Postsecondary education is the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs

whose purpose is academic, vocational, and continuing professional education, and excludes avocational and adult basic education programs.

Definitions by release year

2020-2023: Librarians FTE staff

Librarians FTE Staff in the frequently used section of the IPEDS Data Center is equal to the variable Librarians FTE staff (LSLIBRN) on the Academic Library Survey table for most institutions. However for parent/child reporting Unitids where data is reported by the parent institution and includes data for their child campuses, the FTE staff is distributed to each campus by multiplying the FTE reported by the parent (UnitID) by the allocation factor (PCAL_F) for each campus (UnitID), which is available on the response rate (FLAGSnnnn) table. Librarians” are professional staff as defined by NISO: Staff members doing work that requires professional education in the theoretical and scientific aspects of

librarianship, archives, or information studies. FTEs for part-time employees and student assistants are computed by taking the total number of hours worked per week by part-time employees in each category as of November 1 of the fiscal year and dividing it by the number of hours considered by the reporting library to be a full-time work week (e.g., 60 hours per week of part- time work divided by 40 hours per full-time week equals 1.50 FTE).

2009-2013: Average amount of student loan aid received by full-time first-time undergraduates

Student Financial Aid and Student Counts - Financial Aid Average amount of student loans received by full-time, first-time degree/certificate-seeking undergraduate students. Loans to students - Any monies that must be repaid to the lending institution for which the student is the designated borrower. Includes all Title IV subsidized and unsubsidized loans and all institutionally- and privately-sponsored loans. Does not include PLUS and other loans made directly to parents. Undergraduate - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate Full-time student (Undergraduate) — A student enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. First-time student (undergraduate) - A student attending any institution for the first time at the undergraduate level. Includes students enrolled in academic or occupational programs . Also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). Degree/certificate-seeking students - Students enrolled in courses for credit who are recognized by the institution as seeking a degree or other formal award. At the undergraduate level, this is intended to include students enrolled in vocational or occupational programs.

2014-2019: Average amount of student loans awarded to full-time first-time undergraduates

LOCALE

[varies by year] Degree of urbanization (Urban-centric locale)

Storage: string | Stata name: LOCALE | Observed years: 2004-2023 | Nulls: 14

Definitions by release year

2004: Degree of urbanization

A code to indicate the degree of urbanization of the institution's locale. Large City - A central city of a CMSA or MSA with the city having a population greater than or equal to 250,000. Mid-size City - A central city of a CMSA or MSA, with the city having a population less than 250,000. Urban Fringe of Large City - Any incorporated place, CDP, or non-place territory within a CMSA or MSA of a Large City and defined as urban by the Census Bureau. Urban Fringe of Mid-size City - Any incorporated place, CDP, or non-place territory within a CMSA or MSA of a Large City of a Mid-size City and defined as urban by the Census Bureau Large Town - An incorporated place or CDP with a population greater than or equal to 25,000 and located outside a CMSA or MSA. Small Town - An incorporated place or CDP with a population less than 25,000 and greater than or equal to 2,500 and located outside a CMSA or MSA. Rural - Any incorporated place, CDP, or non-place territory designated as rural by the Census Bureau.

2005-2009: Degree of urbanization (Urban-centric locale)

Locale codes identify the geographic status of a school on an urban continuum ranging from “large city” to “rural.” They are based on a school’s physical address. The urban-centric locale codes introduced in this file are assigned through a methodology developed by the U.S. Census Bureau’s Population Division in 2005. The urban-centric locale codes apply current geographic concepts to the original NCES locale codes used on IPEDS files through 2004. 11 = City: Large: Territory inside an urbanized area and inside a principal city with population of 250,000 or more. 12 = City: Midsize: Territory inside an urbanized area and inside a principal city with population less than 250,000 and greater than or equal to 100,000. 13 = City: Small: Territory inside an urbanized area and inside a principal city with population less than 100,000. 21 = Suburb: Large: Territory outside a principal city and inside an urbanized area with population of 250,000 or more. 22 = Suburb: Midsize: Territory outside a principal city and inside an urbanized area with population less than 250,000 and greater than or equal to 100,000. 23 = Suburb: Small: Territory outside a principal city and inside an urbanized area with population less than 100,000. 31 = Town: Fringe: Territory inside an urban cluster that is less than or equal to 10 miles from an urbanized area. 32 = Town: Distant: Territory inside an urban cluster that is more than 10 miles and less than or equal to 35 miles from an urbanized area. 33 = Town: Remote: Territory inside an urban cluster that is more than 35 miles of an urbanized area. 41 - Rural: Fringe: Census-defined rural territory that is less than or equal to 5 miles from an urbanized area, as well as rural territory that is less than or equal to 2.5 miles from an urban cluster. 42 = Rural: Distant: Census-defined rural territory that is more than 5 miles but less than or equal to 25 miles from an urbanized area, as well as rural 43 = Rural: Remote: Census-defined rural territory that is more than 25 miles from an urbanized area and is also more than 10 miles from an urban cluster. American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, and the Virgin Islands, were not assigned a locale code because the geographic and governmental structures of these entities do not fit the definitional scheme used to derive the code.

2010-2021: Degree of urbanization (Urban-centric locale)

Locale codes identify the geographic status of a school on an urban continuum ranging from “large city” to “rural.” They are based on a school’s physical address. The urban-centric locale codes introduced in this file are assigned through a methodology developed by the U.S. Census Bureau’s Population Division in 2005. The urban-centric locale codes apply current geographic concepts to the original NCES locale codes used on IPEDS files through 2004. 11 = City: Large: Territory inside an urbanized area and inside a principal city with population of 250,000 or more. 12 = City: Midsize: Territory inside an urbanized area and inside a principal city with population less than 250,000 and greater than or equal to 100,000. 13 = City: Small: Territory inside an urbanized area and inside a principal city with population less than 100,000. 21 = Suburb: Large: Territory outside a principal city and inside an urbanized area with population of 250,000 or more. 22 = Suburb: Midsize: Territory outside a principal city and inside an urbanized area with population less than 250,000 and greater than or equal to 100,000. 23 = Suburb: Small: Territory outside a principal city and inside an urbanized area with population less than 100,000. 31 = Town: Fringe: Territory inside an urban cluster that is less than or equal to 10 miles from an urbanized area. 32 = Town: Distant: Territory inside an urban cluster that is more than 10 miles and less than or equal to 35 miles from an urbanized area. 33 = Town: Remote: Territory inside an urban cluster that is more than 35 miles of an urbanized area. 41 - Rural: Fringe: Census-defined rural territory that is less than or equal to 5 miles from an urbanized area, as well as rural territory that is less than or equal to 2.5 miles from an urban cluster. 42 = Rural: Distant: Census-defined rural territory that is more than 5 miles but less than or equal to 25 miles from an urbanized area, as well as rural territory that is more than 2.5 miles but less than or equal to 10 miles from an urban cluster. 43 = Rural: Remote: Census-defined rural territory that is more than 25 miles from an urbanized area and is also more than 10 miles from an urban cluster. American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, and the Virgin Islands, were not assigned a locale code because the geographic and governmental structures of these entities do not fit the definitional scheme used to derive the code.

2022: Degree of urbanization (Urban-centric locale)

Locale codes identify the geographic status of a school on an urban continuum ranging from “large city” to “rural.” They are based on a school’s physical address. The urban-centric locale codes introduced in this file are assigned through a methodology developed by the U.S. Census Bureau’s Population Division in 2005. The urban-centric locale codes apply current geographic concepts to the original NCES locale codes used on IPEDS files 11 = City: Large: Territory inside an urbanized area and inside a principal city with population of 250,000 or more. 12 = City: Midsize: Territory inside an urbanized area and inside a principal city with population less than 250,000 and greater than or equal to 100,000. 13 = City: Small: Territory inside an urbanized area and inside a principal city with population less than 100,000. 21 = Suburb: Large: Territory outside a principal city and inside an urbanized area with population of 250,000 or more. 22 = Suburb: Midsize: Territory outside a principal city and inside an urbanized area with population less than 250,000 and greater than or equal to 100,000. 23 = Suburb: Small: Territory outside a principal city and inside an urbanized area with population less than 100,000. 31 = Town: Fringe: Territory inside an urban cluster that is less than or equal to 10 miles from an urbanized area. 32 = Town: Distant: Territory inside an urban cluster that is more than 10 miles and less than or equal to 35 miles from an urbanized area. 33 = Town: Remote: Territory inside an urban cluster that is more than 35 miles of an urbanized area. 41 - Rural: Fringe: Census-defined rural territory that is less than or equal to 5 miles from an urbanized area, as well as rural territory that is less than or equal to 2.5 miles from an urban cluster. 42 = Rural: Distant: Census-defined rural territory that is more than 5 miles but less than or equal to 25 miles from an urbanized area, as well as rural territory that is more than 2.5 miles but less than or equal to 10 miles from an urban cluster. 43 = Rural: Remote: Census-defined rural territory that is more than 25 miles from an urbanized area and is also more than 10 miles from an urban cluster. American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, and the Virgin Islands, were not assigned a locale code because the geographic and governmental structures of these entities do not fit the definitional scheme used to derive the code.

2023: Degree of urbanization (Urban-centric locale)

Locale codes identify the geographic status of a school on an urban continuum ranging from “large city” to “rural.” They are based on a school’s physical address. The urban-centric locale codes introduced in this file are assigned through a methodology developed by the U.S. Census Bureau’s Population Division. Locale codes are based on U.S. Census Bureau, 2023 TIGER/Line Shapefiles 11 = City: Large: Territory inside an urbanized area and inside a principal city with population of 250,000 or more. 12 = City: Midsize: Territory inside an urbanized area and inside a principal city with population less than 250,000 and greater than or equal to 100,000. 13 = City: Small: Territory inside an urbanized area and inside a principal city with population less than 100,000. 21 = Suburb: Large: Territory outside a principal city and inside an urbanized area with population of 250,000 or more. 22 = Suburb: Midsize: Territory outside a principal city and inside an urbanized area with population less than 250,000 and greater than or equal to 100,000. 23 = Suburb: Small: Territory outside a principal city and inside an urbanized area with population less than 100,000. 31 = Town: Fringe: Territory inside an urban cluster that is less than or equal to 10 miles from an urbanized area. 32 = Town: Distant: Territory inside an urban cluster that is more than 10 miles and less than or equal to 35 miles from an urbanized area. 33 = Town: Remote: Territory inside an urban cluster that is more than 35 miles of an urbanized area. 41 - Rural: Fringe: Census-defined rural territory that is less than or equal to 5 miles from an urbanized area, as well as rural territory that is less than or equal to 2.5 miles from an urban cluster. 42 = Rural: Distant: Census-defined rural territory that is more than 5 miles but less than or equal to 25 miles from an urbanized area, as well as rural territory that is more than 2.5 miles but less than or equal to 10 miles from an urban cluster. 43 = Rural: Remote: Census-defined rural territory that is more than 25 miles from an urbanized area and is also more than 10 miles from an urban cluster. American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, and the Virgin Islands, were not assigned a locale code because the geographic and governmental structures of these entities do not fit the definitional scheme used to derive the code.

LOCALPCT

Local appropriations as a percent of core revenues (GASB only)

Storage: double | Stata name: LOCALPCT | Observed years: 2005 | Nulls: 139,754

Definitions by release year

2005: Local appropriations as a percent of core revenues (GASB only)

Local appropriations as a percent of core revenues is derived for public institutions (GASB) only Local appropriations is equal to F1B12 for public institutions using GASB 34/35 standards. Local appropriations is then divided by total core revenues This variable is not applicable for private not-for-profit and for-profit institutions. Local appropriations, education district taxes, and similar support - Local appropriations are government appropriations made by a governmental entity below the state level. Education district taxes include all tax revenues assessed directly by an institution or on behalf of an institution when the institution will receive the exact amount collected. These revenues also include similar revenues that result from actions of local governments or citizens (such as through a referendum) that result in receipt by the institution of revenues based on collections of other taxes or resources (sales taxes, gambling taxes, etc.).

LONGITUD

Longitude location of institution

Storage: double | Stata name: LONGITUD | Observed years: 2009-2023 | Nulls: 35,179

Definitions by release year

2009-2023: Longitude location of institution

Longitude: Based on the location of the school, the value of LONGITUD ranges from -170 to 171. The minus sign (-) indicates west of the prime meridian. It contains an explicit decimal point. The digits to the left of the decimal point represent the number of degrees from the prime meridian; the digits to the right of the decimal point represent the fraction of the next degree carried out to six decimal places.

LPAIDFTE

All other paid FTE staff (Except Student Assistants)

Storage: double | Stata name: LPAIDFTE | Observed years: 2020-2023 | Nulls: 127,723

Definitions by release year

2020-2023: All other paid FTE staff (Except Student Assistants)

Other paid FTE Staff in the frequently used section of the IPEDS Data Center is equal to the variable Other paid FTE staff (LSOPAID) on the Academic Library Survey table for most institutions. However for parent/child reporting Unitids where data is reported by the parent institution and includes data for their child campuses, the FTE staff is distributed to each campus by multiplying the FTE reported by the parent (UnitID) by the allocation factor (PCAL_F) for each campus (UnitID), which is available on the response rate (FLAGSnnnn) table. All other paid staff (except student assistants) are library staff members without formal qualification (or equivalent combination of training and experience) in librarianship, archives, information studies or other relevant specialization, not included elsewhere. FTEs for part-time employees and student assistants are computed by taking the total number of hours worked per week by part-time employees in each category as of November 1 of the fiscal year and dividing it by the number of hours considered by the reporting library to be a full-time work week (e.g., 60 hours per week of part- time work divided by 40 hours per full-time week equals 1.50 FTE).

Definitions by release year

2014-2015: Physical books as a percent of the total library collection

Physical books as a percent of the total library collection is derived by dividing the number of physical books (LPBOOKS) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), electronic/digital books (LEBOOKS), electronic/digital databases (LEDATAB) and electronic/digital media (LEMEDIA). Number of physical books - The number of volumes held in the library collection. Volume is a single physical unit of any printed, typewritten, handwritten, mimeographed, or processed work, distinguished from other units by a separate binding, encasement, portfolio, or other clear distinction, which has been cataloged,classified, and made ready for use, and which is typically the unit used to charge circulation transactions.

2016: Physical books as a percent of the total library collection

Physical books as a percent of the total library collection is derived by dividing the number of physical books (LPBOOKS) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), physical serials (LPSERIA) digital/electronic books (LEBOOKS), digital/electronic databases (LEDATAB), digital/electronic media (LEMEDIA) and digital/electronic serials (LESERIA). Physical and digital/electronic serials were not included prior to 2016. Number of physical books - The number of volumes held in the library collection. Volume is a single physical unit of any printed, typewritten, handwritten, mimeographed, or processed work, distinguished from other units by a separate binding, encasement, portfolio, or other clear distinction, which has been cataloged,classified, and made ready for use, and which is typically the unit used to charge circulation transactions.

2017-2023: Physical books as a percent of the total library collection

Physical books as a percent of the total library collection is derived by dividing the number of physical books (LPBOOKS) by the total library collection and multiplying by 100. Total library collection is the sum of physical books (LPBOOKS) , physical media (LPMEDIA), physical serials (LPSERIA) digital/electronic books (LEBOOKS), digital/electronic databases (LEDATAB), digital/electronic media (LEMEDIA) and digital/electronic serials (LESERIA). Physical and digital/electronic serials were not included prior to 2017. Number of physical books - The number of volumes held in the library collection. Volume is a single physical unit of any printed, typewritten, handwritten, mimeographed, or processed work, distinguished from other units by a separate binding, encasement, portfolio, or other clear distinction, which has been cataloged,classified, and made ready for use, and which is typically the unit used to charge circulation transactions.

LSALWAGP

Salaries and wages from the library budget as a percent of total library expenditures

Storage: double | Stata name: LSALWAGP | Observed years: 2014-2023 | Nulls: 112,579

Definitions by release year

2014-2023: Salaries and wages from the library budget as a percent of total library expenditures

Salaries and wages from the library budget as a percent of total library expenditures is derived by dividing total salaries and wages from the library budget (LSALWAG) by total library expendutures (LEXPTOT) and multiplying by 100. Total library expenditures is the sum of the following expenses: Salaries and wages (LSALWAG) Fringe benefits paid out of the library budget (LFRNGBN) One-time purchases of books, serial backfiles, and other materials (LEXMSBB) Ongoing commitments to subscriptions (LEXMSCS) Other materials/services expenditures (LEXMSOT) Total operations and maintenance expenditures (LEXOMTL) Total salaries and wages from the library budget - Total salaries and wages expenditures for all full-time and part-time staff, student assistants, and Work-Study students, if paid from the library budget.

2020-2023: Librarians FTE staff

Librarians" are professional staff as defined by NISO: Staff members doing work that requires professional education in the theoretical and scientific aspects of librarianship, archives, or information studies. FTEs for part-time employees and student assistants are computed by taking the total number of hours worked per week by part-time employees in each category as of November 1 of the fiscal year and dividing it by the number of hours considered by the reporting library to be a full-time work week (e.g., 60 hours per week of part- time work divided by 40 hours per full-time week equals 1.50 FTE).

Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2009: Master's degree

Master's degee awarded between July 1, 2008 and June 30, 2009 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2010: Master's degree

Master's degee awarded between July 1, 2009 and June 30, 2010 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2011: Master's degree

Master's degee awarded between July 1, 2010 and June 30, 2011 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total

awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2012: Master's degree

Master's degee awarded between July 1, 2011 and June 30, 2012 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2013: Master's degree

Master's degee awarded between July 1, 2012 and June 30, 2013 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2014: Master's degree

Master's degee awarded between July 1, 2013 and June 30, 2014 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2015: Master's degree

Master's degee awarded between July 1, 2014 and June 30, 2015 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2016: Master's degree

Master's degee awarded between July 1, 2015 and June 30, 2016 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2017: Master's degree

Master's degee awarded between July 1, 2016 and June 30, 2017 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2018: Master's degree

Master's degee awarded between July 1, 2017 and June 30, 2018 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic

years of work beyond the bachelor's degree

2019: Master's degree

Master's degee awarded between July 1, 2018 and June 30, 2019 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2020: Master's degree

Master's degee awarded between July 1, 2019 and June 30, 2020 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2021: Master's degree

Master's degee awarded between July 1, 2020 and June 30, 2021 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2022: Master's degree

Master's degee awarded between July 1, 2021 and June 30, 2022 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

2023: Master's degree

Master's degee awarded between July 1, 2022 and June 30, 2023 This variable is derived directly from the completions survey Grand total (CTOTALT) for first majors(MAJORNUM=1) and Master's degree (AWLEVEL=7) and the sum of all 6-digit CIP programs (CIPCODE=99). If institution submits data for more than one institution (parent/child) the total awards/degrees are allocated based on factors submitted by the institution. For more information on allocation factors see Parent/child allocation factor - Completions in the reponse status section. Master's degree An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree

MEALSWK

[varies by year] Number of meals per week

Storage: double | Stata name: MEALSWK | Observed years: 2004-2023 | Nulls: 119,065

Definitions by release year

2004-2022: Number of meals per week in board charge

If board or meal plans are provide, enter number of meals per week in the maximum meal plan offered. If the number of meals per week can vary (for example, student receives a meal card and charges meals against the card) this field is not applicable. BOARD CHARGES - The charge for an academic year for meals, for a specified number of meals per week.

2023: Number of meals per week

If food or meal plans are offered, enter number of meals per week for the meal plan with the largest number of meals available. If the number of meals per week can vary (for example, student receives a meal card and charges meals against the card) this field is not applicable. Food charges (formerly board charges) Charges assessed students for an academic year for meals.

MEDICAL

Institution grants a medical degree

Storage: string | Stata name: MEDICAL | Observed years: 2004-2023 | Nulls: 14

Definitions by release year

2004-2007: Institution grants a medical degree

A code to indicate whether the institution grants a medical degree. This variable is derived from the 2002-03 completions component of the IPEDS survey. Medical degrees include: Medicine (M.D.) (51.1201), Dentistry (D.D.S., D.M.D.) (51.0401) Osteopathic Medicine (D.O.) (51.1901) Veterinary Medicine (D.V.M.) (51.2401)

2008: Institution grants a medical degree

A code to indicate whether the institution grants a medical degree. This variable is derived from the 2007-08 completions component of the IPEDS survey. Medical degrees include: Medicine (M.D.) (51.1201), Dentistry (D.D.S., D.M.D.) (51.0401) Osteopathic Medicine (D.O.) (51.1901) Veterinary Medicine (D.V.M.) (51.2401)

2009: Institution grants a medical degree

A code to indicate whether the institution grants a medical degree. This variable is derived from the 2008-09 completions component of the IPEDS survey. Medical degrees include: Medicine (M.D.) (51.1201), Dentistry (D.D.S., D.M.D.) (51.0401) Osteopathic Medicine (D.O.) (51.1901) Veterinary Medicine (D.V.M.) (51.2401)

2010: Institution grants a medical degree

A code to indicate whether the institution grants a medical degree. This variable is derived from the 2009-10 completions component of the IPEDS survey. Medical degrees include: Medicine (M.D.) (51.1201), Dentistry (D.D.S., D.M.D.) (51.0401) Osteopathic Medicine (D.O.) (51.1901) Veterinary Medicine (D.V.M.) (51.2401)

2011: Institution grants a medical degree

A code to indicate whether the institution grants a medical degree. This variable is derived from the 2010-11 completions component of the IPEDS survey. Medical degrees include: Medicine (M.D.) (51.1201), Dentistry (D.D.S., D.M.D.) (51.0401) Osteopathic Medicine (D.O.) (51.1901) Veterinary Medicine (D.V.M.) (51.2401)

2012: Institution grants a medical degree

A code to indicate whether the institution grants a medical degree. This variable is derived from the 2011-12 completions component of the IPEDS survey. Medical degrees include: Medicine (M.D.) (51.1201), Dentistry (D.D.S., D.M.D.) (51.0401) Osteopathic Medicine (D.O.) (51.1901) Veterinary Medicine (D.V.M.) (51.2401)

2013-2019, 2021-2023: Institution grants a medical degree

A code to indicate whether the institution grants a medical degree. This variable is derived from the 2012-13 completions component of the IPEDS survey. Medical degrees include: Medicine (M.D.) (51.1201), Dentistry (D.D.S., D.M.D.) (51.0401) Osteopathic Medicine (D.O.) (51.1901) Veterinary Medicine (D.V.M.) (51.2401)

2020: Institution grants a medical degree

A code to indicate whether the institution grants a medical degree. This variable is derived from the 2019-20 completions component of the IPEDS survey. In 2019-20, the 2020 Classification of Instructional Programs (CIP), was used to classify instructional programs, and there were some medical degree programs that changed from prior CIP classifications. Medical degrees include: Medicine (M.D.) (51.1201), Dentistry (D.D.S., D.M.D.) (51.0401) Osteopathic Medicine (D.O.) (51.1202, formerly classified as 51.1901) Veterinary Medicine (D.V.M.) (01.0801, formerly classified as 51.2401)

NECTA

New England City and Town Area (NECTA)

Storage: string | Stata name: NECTA | Observed years: 2007-2021 | Nulls: 33,419

Definitions by release year

2007-2019, 2021: New England City and Town Area (NECTA)

New England City and Town Area (NECTA) - 5-digit code that identifies the Core Based Statistical Area in New England, that an institution's address is associated with. If an institution is not associated with a NECTA the value of this variable is not applicable (-2). A NECTA is a statistical geographic entity that is defined using cities and towns as building blocks and that is conceptually similar to the Core Based Statistical Areas in New England (which are defined using counties as building blocks). For more information see http://www.whitehouse.gov/omb/inforeg/statpolicy.html#ms.

2020: New England City and Town Area (NECTA)

New England City and Town Area (NECTA) - 5-digit code that identifies the Core Based Statistical Area in New England, that an institution's address is associated with. If an institution is not associated with a NECTA the value of this variable is not applicable (-2). A NECTA is a statistical geographic entity that is defined using cities and towns as building blocks and that is conceptually similar to the Core Based Statistical Areas in New England (which are defined using counties as building blocks). Geographic codes come from TIGER 2020. TIGER 2020 uses the U.S. Office of Management and Budget (OMB) updates to metropolitan and micropolitan delineations as of March 2020. For more information see http://www.whitehouse.gov/omb/inforeg/statpolicy.html#ms.

NONCRDT1

Workforce Education

Storage: string | Stata name: NONCRDT1 | Observed years: 2022-2023 | Nulls: 129,524

Definitions by release year

2022-2023: Workforce Education

Which of the following categories of noncredit education are offered by your institution? Note: Categories below may not be mutually exclusive. Workforce Education Noncredit workforce education - Courses or activities that provide technical skills for the workplace but carry no institutional credit applicable toward a degree, diploma, certificate, or other formal award. These courses may result in industry-recognized certificates, but do not include ABE, ESL, remedial education, or recreational courses. Noncredit education is defined as “Courses or activities carrying no academic credit applicable toward a degree, diploma, certificate, or other recognized postsecondary credential at the institution or within the postsecondary educational system.”

NONPSTF

Non-professional FTE staff

Storage: double | Stata name: NONPSTF | Observed years: 2005-2011 | Nulls: 92,538

Definitions by release year

2005-2011: Non-professional FTE staff

The full-time-equivalent (FTE) of staff is calculated by summing the total number of full-time staff from the Employees by Assigned Position (EAP) component and adding one-third of the total number of part-time staff. Specifically for Non-professional FTE (A7+(B7/3)) Where A7=Full-time, Non-professional total (EAPRECTP=2170) B7=Part-time, Non-professional total (EAPRECTP=3170) Non-professional staff - Employees of an institution whose primary function or occupational activity is classified as one of the following: technical and paraprofessional; clerical and secretarial; skilled crafts; or service/maintenance Technical and paraprofessional - A primary function or occupational activity category used to classify persons whose assignments require specialized knowledge or skills which may be acquired through experience, apprenticeship, on-the-job-training, or academic work in occupationally specific programs that result in a 2-year degree or other certificate or diploma. Includes persons who perform some of the duties of a professional in a supportive role, which usually requires less formal training and/or experience than normally required for professional status. Includes mathematical technicians; life, physical, and social science technicians; agricultural and food science technicians; chemical technicians; geological and petroleum technicians; nuclear technicians; paralegals and legal assistants; miscellaneous legal support workers; health technologists and technicians; dietetic technicians; pharmacy technicians; licensed practical and licensed vocational nurses; medical records and health information technicians; opticians, dispensing; healthcare support occupations; nursing aides, orderlies, and attendants; physical therapist assistants and aides; massage therapists; dental assistants; medical assistants; and pharmacy aides. Clerical and secretarial - A primary function or occupational activity category used to classify persons whose assignments typically are associated with clerical activities or are specifically of a secretarial nature. Includes personnel who are responsible for internal and external communications, recording and retrieval of data (other than computer programmer) and/or information and other paperwork required in an office. Also includes such occupational titles such as switchboard operators, including answering service; telephone operators; bill and account collectors; billing and posting clerks and machine operators; bookkeeping, accounting, and auditing clerks; payroll and timekeeping clerks; procurement clerks; file clerks; clerical library assistants; human resources assistants, except payroll and timekeeping; shipping, receiving, and traffic clerks; secretaries and administrative assistants; computer operators; data entry and information processing workers; desktop publishers; mail clerks and mail machine operators (except postal service); office clerks (general); office machine operators (except computer); and proofreaders and copy markers. Skilled crafts - A primary function or occupational activity category used to classify persons whose assignments typically require special manual skills and a thorough and comprehensive knowledge of the processes involved in the work, acquired through on-the-job-training and experience or through apprenticeship or other formal training programs . Includes occupational titles such as welders, cutters, solderers and brazers; bookbinders and bindery workers; printers; cabinetmakers and bench carpenters; plant and system operators; stationary engineers and boiler operators; water and liquid waste treatment plant and system operators; crushing, grinding, polishing, mixing, and blending workers; medical, dental, and ophthalmic laboratory technicians; painting workers; photographic process workers and processing machine operators; and etchers and engravers. Service/maintenance - A primary function or occupational activity category used to classify persons whose assignments require limited degrees of previously acquired skills and knowledge and in which workers perform duties that result in or contribute to the comfort, convenience, and hygiene of personnel and the student body or that contribute to the upkeep of the institutional property. Includes titles such as fire fighters; law enforcement workers; parking enforcement workers; police officers; security guards; lifeguards; ski patrol; cooks and food preparation workers; food and beverage serving workers; fast food and counter workers; waiters and waitresses; other food preparation and serving related workers; building cleaning and pest control workers; grounds maintenance workers; electrical and electronic equipment mechanics; installers and repairers; radio and telecommunications equipment installers and repairers; avionics technicians; electric motor, power tool, and related repairers; vehicle and mobile equipment mechanics, installers, and repairers; control and valve installers and repairers; heating, air conditioning, and refrigeration mechanics and installers; air

transportation workers; motor vehicle operators; and parking lot attendants.

NPGRN0

[varies by year] Average net price-students awarded grant or scholarship aid, 2020-21

Storage: double | Stata name: NPGRN0 | Observed years: 2009-2023 | Nulls: 83,346

Definitions by release year

2009: Average net price-students receiving grant or scholarship aid, 2006-07

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2010: Average net price-students receiving grant or scholarship aid, 2007-08

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of

attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family)

room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Average net price-students awarded grant or scholarship aid, 2014-15

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Average net price-students awarded grant or scholarship aid, 2015-16

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. 2009: Average net price-students receiving grant or scholarship aid, 2007-08

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2010: Average net price-students receiving grant or scholarship aid, 2008-09

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of

attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2011: Average net price-students receiving grant or scholarship aid, 2009-10

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2012: Average net price-students receiving grant or scholarship aid, 2010-11

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly

grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2013: Average net price-students receiving grant or scholarship aid, 2011-12

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Average net price-students awarded grant or scholarship aid, 2012-13

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Average net price-students awarded grant or scholarship aid, 2019-20

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded.

Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2022: Average net price-students awarded grant or scholarship aid, 2020-21

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2023: Average net price-students awarded grant or scholarship aid, 2021-22

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students

enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2009: Average net price-students receiving grant or scholarship aid, 2008-09

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received

aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2010: Average net price-students receiving grant or scholarship aid, 2009-10

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2011: Average net price-students receiving grant or scholarship aid, 2010-11

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for

the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2012: Average net price-students receiving grant or scholarship aid, 2011-12

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2013: Average net price-students receiving grant or scholarship aid, 2012-13

Average net price for full-time, first-time degree/certificate-seeking undergraduates who received grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid received aid anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or

offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and received aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2014: Average net price-students awarded grant or scholarship aid, 2013-14

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (July 1 through June 30) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2015: Average net price-students awarded grant or scholarship aid, 2014-15

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period

(September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2016: Average net price-students awarded grant or scholarship aid, 2015-16

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2017: Average net price-students awarded grant or scholarship aid, 2016-17

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for

the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2018: Average net price-students awarded grant or scholarship aid, 2017-18

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2019: Average net price-students awarded grant or scholarship aid, 2018-19

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by contact hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance

is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.

2020: Average net price-students awarded grant or scholarship aid, 2019-20

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. These institutions report financial aid data for students enrolled between the 12-month period (September 1 through August 31) and awarded aid anytime during the full aid year. These institutions report cost of attendance for their largest program for the length of that program. For institutions that report cost of attendance for the full academic year an average yearly net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. For institutions that report the cost of attendance for their largest program for the length of that program, the cost of attendance is generated as stated above, but is then divided by the number of months to complete the program to produce a monthly cost of attendance. The average amount of federal, state or local government, or institutional grant and scholarship aid is also divided by 12 to produce a monthly average. The average net price is generated by subtracting the average monthly grant and scholarship aid from the average monthly cost of attendance and the difference is multiplied by the number of months to complete the program. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more clock hours a week each term.

2021: Average net price-students awarded grant or scholarship aid, 2020-21

Average net price for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from federal, state or local governments, or the institution. Other sources of grant aid are excluded. Aid awarded anytime during the full aid year is included. Applicable to private not-for-profit and for-profit institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. These institutions report cost of attendance for the full academic year. Also, applicable to public or private institutions that measure courses primarily by clock hours, or offers primarily occupational programs measured in credit hours with calendar systems that are continuous, or differs by programs. 2011: Average net price (income 0-30,000)-students receiving Title IV Federal financial aid, 2008-09

Average net price for full-time, first-time degree/certificate-seeking undergraduates paying the in-state or in-district tuition rate who received Title IV federal student aid - INCOME LEVEL (0-30,000). Title IV federal student aid, includes federal grants or federal student loans. Average net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state), books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. Applicable to public institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Title

IV aid to students includes grant aid, work study aid, and loan aid. These include: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (National SMART Grant), Teacher Education Assistance for College and Higher Education (TEACH) Grant, Federal Work-Study, Federal Perkins Loan, Subsidized Direct or FFEL Stafford Loan, and Unsubsidized Direct or FFEL Stafford Loan. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. In-state tuition is the tuition charged by institutions to those students who meet the state's or institution's residency requirements. In-district tuition is the tuition charged by the institution to those students residing in the locality in which they attend school and may be a lower rate than in-state tuition if offered by the institution.

2012: Average net price (income 0-30,000)-students receiving Title IV Federal financial aid, 2009-10

Average net price for full-time, first-time degree/certificate-seeking undergraduates paying the in-state or in-district tuition rate who received Title IV federal student aid - INCOME LEVEL (0-30,000). Title IV federal student aid, includes federal grants or federal student loans. Average net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state), books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Title IV aid to students includes grant aid, work study aid, and loan aid. These include: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (National SMART Grant), Teacher Education Assistance for College and Higher Education (TEACH) Grant, Federal Work-Study, Federal Perkins Loan, Subsidized Direct or FFEL Stafford Loan, and Unsubsidized Direct or FFEL Stafford Loan. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. In-state tuition is the tuition charged by institutions to those students who meet the state's or institution's residency requirements. In-district tuition is the tuition charged by the institution to those students residing in the locality in which they attend school and may be a lower rate than in-state tuition if offered by the institution.

2015: Average net price (income 0-30,000)-students awarded Title IV federal financial aid, 2012-13

Average net price for full-time, first-time degree/certificate-seeking undergraduates paying the in-state or in-district tuition rate who were awarded title IV federal student aid - INCOME LEVEL (0-30,000). Title IV federal student aid, includes federal grants or federal student loans. Average net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state), books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. Applicable to public institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and awarded aid anytime during the full aid year. Title IV aid to students includes grant aid, work study aid, and loan aid. These include: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (National SMART Grant), Teacher Education Assistance for College and Higher Education (TEACH) Grant, Federal Work-Study, Federal Perkins Loan, Subsidized Direct or FFEL Stafford Loan, and Unsubsidized Direct or FFEL Stafford Loan. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. In-state tuition is the tuition charged by institutions to those students who meet the state's or institution's residency requirements. In-district tuition is the tuition charged by the institution to those students residing in the locality in which they attend school and may be a lower rate than in-state tuition if offered by the institution.

2016: Average net price (income 0-30,000)-students awarded Title IV federal financial aid, 2013-14

Average net price for full-time, first-time degree/certificate-seeking undergraduates paying the in-state or in-district tuition rate who were awarded title IV federal student aid - INCOME LEVEL (0-30,000). Title IV federal student aid, includes federal grants or federal student loans. Average net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state), books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus

with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. 2010: Average net price (income 0-30,000)-students receiving Title IV Federal financial aid, 2008-09

Average net price for full-time, first-time degree/certificate-seeking undergraduates paying the in-state or in-district tuition rate who received Title IV federal student aid - INCOME LEVEL (0-30,000). Title IV federal student aid, includes federal grants or federal student loans. Average net price is generated by subtracting the average amount of federal, state or local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state), books and supplies and the weighted average room and board and other expenses. The weighted average for room and board and other expenses is generated as follows: (amount for on-campus room, board and other expenses * # of students living on-campus. + amount for off-campus (with family) room, board and other expenses * # of students living off-campus with family + amount for off-campus (not with family) room, board and other expenses * # of students living off-campus not with family) divided by the total # of students. Students whose living arrangements are unknown are excluded from the calculation. For some institutions the # of students by living arrangement will be known, but dollar amounts will not be known. In this case the # of students with no corresponding dollar amount will be excluded from the denominator. Applicable to public institutions with standard calendar systems (semester, quarter, trimester, 4-1-4) that report financial aid data for students enrolled for the FALL and received aid anytime during the full aid year. Title IV aid to students includes grant aid, work study aid, and loan aid. These include: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (National SMART Grant), Teacher Education Assistance for College and

Higher Education (TEACH) Grant, Federal Work-Study, Federal Perkins Loan, Subsidized Direct or FFEL Stafford Loan, and Unsubsidized Direct or FFEL Stafford Loan. Full-time, first-time degree/certificate-seeking undergraduates - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate level, who has no prior postsecondary experience, and is enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. In-state tuition is the tuition charged by institutions to those students who meet the state's or institution's residency requirements. In-district tuition is the tuition charged by the institution to those students residing in the locality in which they attend school and may be a lower rate than in-state tuition if offered by the institution.
